

Hello Students –

For our seniors, last week of your college career!!! On behalf of all the Neuroscience and Behavioral Biology faculty and staff, I would like to say what an honor and privilege it has been working with you over the years. We look forward to seeing all that you accomplish with your “life after Hopkins”. Be sure to check below so that you can continue participating with our Programs as Alumni.

To all those that presented at DREAMS, well done!!! The Neuroscience and Behavioral Biology Programs had 77 students representing us – and quite nicely I might add. Both Program Committees will be evaluating the results and you will hear by tomorrow if your poster can be used for Honors.

We do need you all to RSVP by TUESDAY for our Summer Social (see below) being held **this FRIDAY from 5:00 – 7:00 pm** at outside of Dunning Hall. Seniors, we will also need you to RSVP for the Graduation Reception when you receive the evite. You can bring family and friends, just let us know how many will be coming.

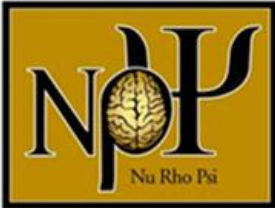

As promised, we will be rolling out our new mentoring program at the Summer Social. We will be welcoming 23 new Behavioral Biology and 154 Neuroscience Majors at our Summer Social Event on Friday!!! This makes our new mentor program even more important than ever. If you have not signed up to be a mentor, please consider it. If you have signed up to become a mentor, please fill out the bio below.

Finally, if you have not picked up this year’s Program t-shirt (what have you been thinking???) then you need to come to the office before the Social to do it. We will be handing out leftover t-shirts to the rising sophomores on a first come-first serve basis.

Have a GREAT week!!!
