

CURRICULUM VITAE

Personal

Name: Dimitri Alexander Sverjensky
 Present Address: 2501 Porter Street, NW, Apt. 910. Washington DC 20008
 Telephone: 443-255-7131

Education

Yale University, New Haven, CT: Ph.D. in Geology (1980)
 Yale University, New Haven, CT: M. Phil. in Geology (1977)
 University of Sydney, Australia: B.Sc. (First Class Honors, 1974)

Academic Honors

2011: Fellow of the Geochemical Society & the European Association of Geochemistry
 1988: Lindgren Award (Society of Economic Geologists)
 1979: William E. Ford Prize in Mineralogy (Yale University)
 1975: Australian-American Education Foundation Travel Grant
 1974-75: Australian Commonwealth Government Postgraduate Scholarship
 1974: Deas-Thompson Prize for Geology (University of Sydney)
 1972: Quodling Prize for Crystallography and Petrology (Univ. of Sydney)

Positions Held

2015: Visiting researcher, Université Claude Bernard 1, Lyon, France.
 2005 - 2015: Senior Visiting Investigator, Geophysical Laboratory, Carnegie Institution of Washington
 2001 – 2012: Associate Editor, Geochimica et Cosmochimica Acta
 1995 - 1997: Member, Board of Directors, The Geochemical Society
 1991 - Present: Professor, Dept. Earth and Planetary Sciences, The Johns Hopkins University
 1987-1991: Associate Professor, Dept. Earth and Planetary Sciences, The Johns Hopkins University
 1986 - 1991: Associate Editor, Economic Geology
 1984 - 1987: Assistant Professor, Dept. Earth and Planetary Sciences, The Johns Hopkins University
 1981-1984: Assistant Professor, Department of Earth and Space Sciences, SUNY at Stony Brook, NY 1994
 1980-1981: Staff Scientist, Lawrence Berkeley Laboratory, Berkeley, CA 94710

Teaching and Research Interests

Deep Earth Carbon, Nitrogen, Sulfur and Water Cycles
 Astrobiology
 Geochemistry
 Environmental Geochemistry
 Geobiological Surface Geochemistry
 High temperature/pressure aqueous solution chemistry
 Chemical equilibria and mass transfer

Contributions to Symposia and University Seminars

1979-1980: Wesleyan University, Harvard University

1980-1981: University of California, Berkeley, S U N Y at Stony Brook,
Gordon Research Conference on Ore Deposits

1981-1982: University of Toronto, Canada, Stanford University, California
Institute of Technology, Rutgers University; Penrose Conference, Geol.
Soc. America, Lake of the Ozarks, Missouri

1982-1983: Columbia University; Geological Society of America
Centennial Symposium: Hydrodynamics and Geochemistry of
Ore Generation in Sedimentary Environments (Indianapolis, Indiana)

1983-1984: Johns Hopkins University; Princeton Univ. Workshop:
"Tectonics and Ore Deposits"; Massachusetts Institute of
Technology, University of California, Berkeley

1984-1985: Geophysical Laboratory (Carnegie Institution), U S
Geological Survey (Reston)

1985-1986: University of Texas (Austin), University of Maryland, Dept. of
Geology (College Park)

1986-1987: The University of Leeds (England)

1987-1988: Ecole des Mines (Paris) and Bureau of Mining Geology (Orleans)
Symposium: Mobility and Concentration of Base Metals under
Sedimentary Cover (France); Univ. Michigan (Ann Arbor)

1988-1989: Washington University (St. Louis, Mo.); Co-chairman 1989
Gordon Conference on Hydrothermal Ore Deposits, Proctor
Academy, New Hampshire.

1989-1990: Society of Economic Geologists Symposium: Mississippi
Valley-type deposits (St. Louis, Missouri). Du Pont Titanium
Resources and Beneficiation Conference (Split Rock, Pennsylvania);
Princeton-Conoco Symposium: Computation and Data Analysis in the Earth
Sciences (Princeton, New Jersey).

1991-1992: American Geophysical Union Symposium: Physics and
Chemistry of Mineral Surfaces (San Francisco).

1992-1993: Gordon Research Conference on Ore Deposits

1993-1994: University of Maryland, Dept. of Chemistry (College Park)
University of Toronto, Dept. of Geology; Organizer of
Geochemical Soc. Symposium AGU (Baltimore): "Geochemistry of the Mineral-Water Interface"

1994-1995: Organizer of Geochemical Society Symposium AGU Meeting
(Baltimore): "Surface Geochemistry and Reaction Rates"

1995-1996: Visiting Lecturer, CNRS-Université de Paul Sabatier, Toulouse,
France

1996-1997: Washington University (St. Louis, Mo.); Université de Pierre et
Marie Curie, Paris, France

1997-1998: Plenary Lecturer DuPont Engineering Meeting; Geophysical
Laboratory (Carnegie Institution)

1998-1999: University of Delaware, Dept. of Soil Science

1999-2000: Materials Research Society Symposium, San Francisco

2000-2001: ETH Zurich, International Workshop on "Surface Chemical
Processes in Natural Environments", Ascona, Switzerland.

2001-2002: University of Illinois at Chicago, Dept. Chemical Engineering;
Environmental Molecular Science Laboratory "Mineral-
Water Interface Session" (Pacific Northwest National Laboratory.

- 2002-2003: "Surficial Geochemical Processes Symposium" (Argonne National Laboratory).
- 2003-2004: George Washington University, Dept. Earth and Environmental Sciences.
- 2005-2006: Geophysical Laboratory (Carnegie Institution of Washington).
- 2006-2007: Univ. of Wisconsin, Madison, Dept. of Geology & Geophysics.
- 2006-2007: Arizona State Univ., School of Earth & Space Exploration.
- 2007-2008: Sloan Foundation Workshop "Deep Carbon Cycle" (Carnegie Institution of Washington).
- 2008-2009: Geophysical Laboratory (Carnegie Institution of Washington); NASA Astrobiology Workshop, Phoenix, AZ.
- 2009-2010: Deep Carbon Observatory Workshop in Beijing, China.
- 2010-2011: Pennsylvania State University, Dept. of Geosciences.
- 2011-2012: Geophysical Laboratory (Carnegie Institution of Washington)
- 2012-2013: Arizona State Univ., School of Earth & Space Exploration.
- 2012-2013: Dept. Geological Sciences, Stockholm University, Sweden.
- 2013-2014: Geophysical Laboratory (Carnegie Institution of Washington)
- 2013-2014: Origin of Life Gordon Conference (Galveston, TX).
- 2013-2014: Invited Lecture, University College London, UK.
- 2013-2014: Invited Lecture, Lawrence Berkeley Laboratory, Berkeley, CA.
- 2013-2014: American Geophysical Union, San Francisco, CA.
- 2014-2015: American Geophysical Union Meeting, San Francisco, CA.
- 2014-2015: Invited Lecture, Ecole Normale Supérieure de Lyon, France.
- 2014-2015: Geochemistry Group, Univ. of Maryland, College Park, MD.

Abstracts and Reviews

- 1978: Sverjensky, D.A. and Wasserman, M.D., "Hydrothermal alteration around a Mississippi Valley-type deposit in the Viburnum Trend, southeast Missouri": Geol. Soc. America Abstracts with Programs, v. 10, p. 501.

Current Research Funding

- Department of Energy, Office of Basic Energy Sciences: Research Grant 1/1/12 - 08/31/15 "Predictive Surface Complexation Modeling." \$577,742. to JHU.
- Co-Investigator Carnegie Institution of Washington's NASA Astrobiology Institute, 2/1/09-1/31/15: "Astrobiological Pathways: From the interstellar medium, through planetary systems, to the emergence and detection of life" (P.I. Dr. George Cody, Geophysical Laboratory, Carnegie Institution of Washington).
\$158,714. to JHU.
- Deep Carbon Observatory, 10/1/15-9/30/17: Co-Investigator: "Physics and Chemistry of Deep Carbon Fluids and Minerals (P.I. Manning, C., UCLA and Mao, W., Stanford).
\$44,800. to JHU.
- Keck Foundation, 1/1/15-12/31/17: "The Co-Evolution of the Geo- and Biospheres: An Integrated Program for Data-Driven, Abductive Discovery in the Earth Sciences". PI R. M. Hazen, Geophysical Laboratory, Carnegie Institution of Washington.
\$152,000. to JHU.
- Sloan Foundation, 12/1/15-3/31/17: "Building an International Deep Earth Water Group". PI's Sverjensky, D. A. (JHU) and Daniel, I. (Université Claude Bernard 1 and ENS, Lyon, France).
\$99,955. to JHU.

Research Proposals under consideration

National Science Foundation, 9/1/16-8/31/19: "Modeling Deep Earth Fluids and Diamond Formation". PI Sverjensky, D. A. (JHU). \$469,547. to JHU.

National Science Foundation, 1/1/16-12/31/19: "SI2-SSI: Collaborative Research: ENKI: Software infrastructure that ENables Knowledge Integration for modeling coupled geochemical and geodynamical processes". Co-PI Sverjensky, D. A. (JHU). \$. 217,823 to JHU.
