Public Health Powerhouse Event

Are you interested in going to graduate school for public health? Join representatives from Emory University, the University of Michigan, University of California, Berkeley, University of Minnesota and George Washington University for a joint open house to learn about graduate opportunities in the public health field. The University of Michigan will be hosting the Public Health Powerhouse event which provides an opportunity for interested students to interact with top tier schools of Public Health. The event will consist of a panel discussion and individual breakout information stations.

Information regarding the event location, nearest metro station, and date and time are available on the online RSVP.

For more information and any questions please contact sph.inquiries@umich.edu.

Government Career Week

Are you interested in working in national or local government, think tanks, community organizing, cyber security or government agencies? Explore jobs, network with employers and understand the process of applying to internships and jobs in these fields at Government Career Week, October 2-6, 2017. Sessions include exploring government careers with employers like the DOJ and NIH, CIA.
info sessions, help getting started on federal applications with the Partnership for Public Service, and a Baltimore City Government Panel focusing on sustainability and making change locally.

Hopkins Undergraduates for Harm Reduction is a student-led organization with the Center for Social Concern that aims to promote harm reduction practices to work on issues in medicine, public health, and social justice. Currently, our primary focus is the opioid overdose epidemic that is sweeping across the nation. In our meeting, we will go over opportunities to become trained in responding to an opioid overdose and administering the life-saving medication Naloxone, outreach opportunities across the city, publication opportunities in our Newsletter, and executive board leadership opportunities (we’re looking for promising underclassmen to lead the group!). Following the meeting, we will show a documentary on the opioid epidemic titled 'Heroin(e)'. RSVP here for the meeting and the movie: [https://goo.gl/forms/YXgoWhfPzSZpcTYj2](https://goo.gl/forms/YXgoWhfPzSZpcTYj2)
**Abell Award in Urban Policy**

The Abell Award in Urban Policy is given annually to the student who authors the most compelling paper on a policy problem facing the City of Baltimore and feasible solutions. The Selection Committee decides on the allocation of the $5,000 award. The award is sponsored by the Baltimore-based Abell Foundation and the Johns Hopkins Institute for Health and Social Policy. The contest is intended to encourage fresh thinking about the challenges facing Baltimore City.

Please note that the Abell Award requires papers that address a timely issue, provide careful analysis, propose a feasible solution, and are written in a straightforward academic style. It is unlikely that a term paper will meet these requirements without substantial additional research and revision to the narrative style.

For more information click [here](#).

**The Neuroscience Honor Society Undergraduate Research Symposium**

URS provides a unique forum for JHU undergraduate students to give an 8-10 minute presentation describing their research, followed by 2-3 minutes to field questions from the audience. There will be a keynote speaker, Dr. Nicolelis, who will be talking about how brain-machine interfaces make it possible for brains to interact directly with mechanical, computational, and virtual devices.

URS is scheduled to be on Monday, October 9th from 5 PM-9 PM in Bloomberg 361, 462 and 475. The application is due on Thursday September 28th.

More information and the application can be found [here](#).
The Undergraduate Research Symposium Presents:

Dr. Miguel Nicolelis

“Linking Brains to Machines
From Basic Science to Neurological Neurorehabilitation”

Event Schedule
URS Student Presentations: 5:00 – 7:45pm
(Bloomberg 361, 462, 475)
Keynote Speech: 8:00 – 9:00pm (Bloomberg 272)
Reception held immediately following Keynote

Public Health Connection Application

The Public Health Student Forum (PHSF) along with the Bloomberg School of Public Health Student Assembly have organized a program called “Public Health Connection”, a mentor-mentee partnership that will allow you to connect with a graduate student in your field of interest. Mentors and mentees will be paired on a first come, first serve basis, and the form will be due Friday, September 29th. Anyone who is interested in having a mentor is encouraged to apply here.

Public Health Case Competition and Trivia Club

A community for Public Health undergraduates to connect with their peers outside of a class environment as well as put skills that are learned in the classroom into practice. Organized trivia events and case competitions will allow you to collaborate in teams and foster your public health knowledge. The PHCCTC aims to prepare a team, of students to represent the Johns Hopkins University at the annual Public Health Scholar Bowl in St. Louis.

Anyone is welcome to join. The interest form can be found here. For any questions about the club please contact jhuphcctc@gmail.com.
Are you a JHU Homewood student?

Are you interested in opportunities at Bayview?

You can ride free with Lyft!

The Johns Hopkins Bayview Medical Center is overflowing with research and education opportunities. To make it easier for Homewood students to come to Johns Hopkins Bayview, the Office of the Vice Dean is offering free rides using Lyft for students to travel between these two locations. This is a pilot program that will run until December 2017.

If you are a JHU student at Homewood who travels to Johns Hopkins Bayview for a research internship or a faculty member with a student in mind, please send an email to Leigh Fisher at LeighFisher@jhmi.edu for more information. In order to qualify for free transportation, we will verify with your faculty sponsor prior to issuing ride credits.

We look forward to seeing you at Johns Hopkins Bayview!

This program is sponsored by the Johns Hopkins Bayview Scientific Advisory Board.

For more information, contact: LeighFisher@jhmi.edu

Unpaid Internships and Service

Internship Available at Chase Brexton Health Care Department

Chase Brexton is a community medical center that works to provide affordable health care for all. They seek to engage individuals, foundations, and corporations to help their work by donating money or time. Please visit https://www.chasebrexton.org/ for more information.

The intern will be exposed to donor development and management by interacting with donors, tracking donor information, using the database E-tapestry and preparing for a donor cultivation event. Preferred skills or computer, graphic design, language, organizational and editing skills.

For more information and any questions please contact mjones@chasebrexton.org.

Public Health Internship Available at Maryland PIRG

Maryland PIRG is an independent non-profit organization committed to the health and well-being of Marylanders. Their public health campaigns include stopping the overuse of antibiotics; protecting children from toxic chemical exposure; and advocating for stronger health protections at state and federal levels. Please visit www.MarylandPIRG.org for more information.

The intern will help educate and engage the public on the most critical issues of our time; help get PIRG’s issues into the media, build coalitions, organize events, and lobby decision-makers. Write letters to the editor, coordinate volunteers, host events, organize rallies, research and assemble data, and petition/phonebank.

See more information and details on how to apply here.

Social Media Internship Available at Chase Brexton Health Care LGBT Resource Center

The LGBT social media intern will create content and use technology to promote the LGBT Health Resource Center on all channels including social media, web, and email. The intern will also conduct research, craft written and visual content for outreach, and produce digital analytics for campaigns. As a member of the digital team, the intern will be a vital part of the development of the LGBT Health Resource Center and Chase Brexton’s marketing and communications initiatives.

For more details on hours and how to apply, click here.

Paid Jobs and Internships

Implementation Team Research Position open in Hopkins Dining

Students work with Bon Appetit Management Company and Hopkins Dining to hold them accountable for product shifts and purchasing in accordance with our goals for Real Food and a just, sustainable future. Calculator researchers primarily work on invoices and purchasing receipts to
calculate the percentage of Real Food purchasing in the FFC, Nolan's, and Levering dining halls, doing research into different vendors to determine whether products are Real. Work hours are expected to be 5-15 hours a week.

An info session will be held on Monday September 25th at 5pm in Nolan’s Private Dining Room. Email dkorada1@jhu.edu to RSVP.

For more information and any questions please contact dkorada1@jhu.edu or clarichen@jhu.edu.

### Research Assistant Position with the Johns Hopkins Safety Project

The Health Policy and Management department of the School of Public Health is searching for fifteen research assistants to work on The Johns Hopkins Home Safety Project. This project was a community intervention trial that installed smoke alarms in homes in 2011. Research Assistants will be revisiting homes to check on smoke alarm functionality. There will be opportunities for assistance with analysis and manuscript preparation for interested students.

Interested students must have Federal Work Study Award in order to be hired and are expected to commit 10-19 hours per week. Flexible hours are also necessary to meet with participants.

For more information and any questions please contact wshields@jhsph.edu. See flyer here for more details.

### Global Health Equity Scholars Program

The Global Health Equity Scholars Program is searching for eight to ten students university-wide, undergraduate or professional, interested in research on global health issues. GHE Scholars gain valuable exposure and experience of global health networks as well as practical skills applicable to a field of interest. Scholars will be paid research assistants for one year and are expected to commit an average of 10-12 hours each week.

The application form can be found here. To find out more information about The Global Health Equity Scholars Program or the application process please visit https://www.ahealthierworld.jhu.edu/student-scholars-program

### Network Data Analysis and Visualization Internship

LINC is currently undertaking multiple activities that include the collection, analysis, and visualization of network data through Social Network Analysis (SNA) in order to design and evaluate development interventions. Our SNA work is applied in a variety of technical sectors, geographies, and network types. Most notably, current/recent analyses cover Public Sector Services,
Agricultural Market Development, collaboration in Water and Sanitation, and Health Care Supply Chain, in Asia, Africa, and Latin America. LINC is currently seeking a part-time, paid network data analysis and visualization intern for the fall to support these activities as well as LINC’s overall approach to collecting, analyzing, and visualizing network data.

See flyer for more details.

**Project Coordinator at Northwell Health**

Northwell Health is an organization of 61,000 employees, 21 hospitals, and over 450 community practices and facilities in New York. Northwell Health’s care management organization is looking for a Project Coordinator to support the implementation of prevention, wellness, and disease management projects. Examples of projects include: Improving practice performance on HEDIS measures, launching new projects with the Center for Tobacco Cessation, and participating in NYS’ Delivery System Reform Incentive Payment (DSRIP) program.

Anyone who is interested should send their resume to Ariel E. Hayes, Senior Director of Program Development ahayes@northwell.edu.

**Communications Assistant for Global Health Research and Federal Budget Policy Project**

The Department of International Health is seeking a student to work part-time on a communications project. The project is focused on collecting, collating and summarizing research, information and stories related to conversations around the federal administration’s budget proposal to significantly reduce funding for global health research and programs. The position will be up to 19 hours a week for six-months from the date of hire. Depending on need the term may be extended beyond six-months.

The position will report to Brandon Howard at the School of Public Health and work closely with the School of Nursing, the School of Medicine and staff in communications and government affairs at the University.

See more information here. Contact Brandon Howard to apply. The salary is $20/hour.

**Research Assistant for Health Coaching in Pregnancy Study**

The Research Assistant will perform tasks in all aspects of a health coaching program in pregnancy and postpartum and in the development of an online health coaching platform. We have an ongoing pilot study at Johns Hopkins and an expansion of the study launched at Reading Hospital in PA, and will be working with a technology company to develop an online platform of the program.

See more information here.
Fellowships and Grants

Provost’s Undergraduate Research Award (PURA)

PURA offers Johns Hopkins undergraduates the opportunity to conduct research, design, entrepreneurship, scholarship and artistic endeavors over an academic year with the help of a $3000 fellowship as well as the opportunity to present their work at a campus wide event – DREAMS.

The deadline for this round of PURA is on October 15. More information and the application can be found here.

Medical Missionaries Global Health Fellowship

The Medical Missionaries Global Health Fellowship offers two recent college graduates, graduate students, or professionals interested in global health the opportunity to gain experience in health care delivery in Haiti. Fellows will spend one year in Thomassique, Haiti, working at St. Joseph’s Clinic, where they act as liaisons between Medical Missionaries (www.medmissionaries.org) — the US-based organization that built and provides funding for the Clinic—and the Clinic’s all-Haitian staff. The Fellowship begins in June 2018 and ends in June 2019.

The application form can be found here. To find out more information about Medical Missionaries or the application process please visit http://medmissionaries.org/ or email us at mmghfellows@gmail.com.
