**Information Sessions and Career Fairs**

**Video Available for BA/MHS Info Session**

Want to know more about the BA/MPH opportunities but couldn’t attend the info session last month? Recordings of the [first half](http://krieger.jhu.edu/publichealth/) and [second half](http://krieger.jhu.edu/publichealth/) of the event are now available online!

**Community Health Fellowship and Internship Info Session**

Project Horseshoe Farm is a community-based nonprofit in Greensboro, Alabama. They host the Community Health Fellowships which provides public health internships and post-graduate gap-year opportunities. Their mission is to offer services and support programs to improve health and quality of life in adults and children in the community. Their projects range from working on Housing Programs to working with adult and children. This fellowship is a 13 month program. If you are interested, register on Handshake to attend the info session, on November 16th at 12 noon, where a representative will be speaking more about the program.

The application and more information can be found at [www.projecthsf.org](http://www.projecthsf.org).

For more information and any questions, please contact [fellows@projecthsf.org](mailto:fellows@projecthsf.org).

**Holistic Health Fair**
Come meet us for this free gathering every Sunday at noon, at the BiomedRx Health Center. Every Sunday there will be vendors representing various holistic health products and therapies. Invite your friends! There will be tours of the BiomedRx Health Center, and presentations on such therapies as neurofeedback and biomagnetic pair therapy.

Located at the corner of Mountain Ave. and Foothill Blvd. in Upland.

Click here for more information

Conferences and Talks
The Johns Hopkins Center for AIDS Research
presents the 4th Annual

HIV IMPLEMENTATION SCIENCE @ JHU
An Interactive Symposium

Tuesday, November 14th
Feinestone Hall (E2030), 615 North Wolfe Street
8:30 A.M. – 1:00 P.M.

Featuring:

Geoffrey M. Curran, PhD
Professor
University of Arkansas
for Medical Sciences

Wynne E. Norton, PhD
Program Officer
National Cancer Institute

All sessions will have opportunities for audience participation, discussion and Q&A

Breakfast & Lunch will be provided.

Register here: https://www.surveymonkey.com/r/ISSYMPOSIUM

*If you are working on an implementation science proposal or an implementation science aim and would like to participate in the symposium’s specific aims review session, please let Mrs. Jakia Jones-Jason (jones1@jhmi.edu) know by Wednesday, November 1st. Questions about what is involved in a review of specific aims or if it is appropriate for your work? Contact Jakia.
Rap Sessions in Africana Studies

The third and final Rap Session in Africana Studies for the fall semester will take place on November 30th, 2017 at the Center for Diversity and Inclusion, OMA Lounge. The session will feature a presentation by Anne-Marie Livingstone, PhD Candidate in Sociology, who will share findings from a participatory study on racial profiling in policing in Montreal, Quebec. The study was a collaborative effort involving fellow academics and a team of five young people from a neighborhood of the city targeted by the province’s controversial action plan against “street gangs.”

Summer Institute in Bioethics at Yale University

Yale’s Interdisciplinary Center for Bioethics offers an intensive and international summer institute in bioethics in New Haven, CT, open to graduate students, professionals, and select undergraduates. The program features a series of morning lectures surveying the field of bioethics and over twenty-five small, intensive seminars on topics such as neuroethics, end-of-life care, law, and more. Select students will be invited to “Fast Track,” a close mentoring experience to help students develop and publish submissions to bioethics journals.

The full program runs from June 1 to July 21, 2018. Applications are encouraged by January 15th. Tuition is $1875 for undergraduates, and $2275 for graduate students.
2018 Traffic Safety Scholars Program

Interested in traffic safety? The Lifesavers National Conference on Highway Safety Priorities will offer opportunities to learn about highway safety issues from leading experts and to network with the largest gathering of highway safety professionals. Admission offers more than 80 workshops, plenary halls, and an exhibit hall. The conference will be from April 22-24, 2018 in San Antonio, Texas. The scholars program offers an opportunity to undergraduate and graduate students to apply for a $1000 scholarship to defray the cost of attending the event. The deadline is November 18th.

More information and the application [here](#). For any questions please contact Lofgren@meetingsmgmt.com

SOPHAS Virtual Fair

Join ASPPH, SOPHAS, current students, and representatives from over 50 schools and programs of public health online at the SOPHAS Virtual Fair. You will be able to chat in real-time and have all of your admissions & application questions answered.

You can log in from anywhere and registration is **FREE**!

They will be hosting in-person fairs throughout the summer and fall along with three additional SOPHAS Virtual Fairs.

If you have any questions about the in-person or virtual fairs, reach out to Emily C. Gordon, Student Services Coordinator egordon@aspph.org

Fall SOPHAS Virtual Fair Dates & Registration:

- **Tuesday, September 19, 2017**
- **Wednesday, November 16, 2017**
- **Wednesday, January 31, 2018** - registration coming soon
2018 Medical/Public Health Brigade to Honduras.

Global Brigades is hosting a medical/public health brigade to Honduras in January of 2018. This next brigade will be a hybrid medical/dental/public health brigade that will improve the overall health of a rural community. Members will run a medical clinic, while partnering with local health care professionals. This will also count as an Applied Experience. The brigade will run from January 16th, 2017 to January 24th, 2017.

For more information, click [here](#). For any questions please contact [jhu.gmb@gmail.com](mailto:jhu.gmb@gmail.com).

MCAT Prep Auction ft. Kaplan and NextStep

The Women's Pre-Health Leadership Society at Johns Hopkins University has partnered with the leading test prep companies Kaplan and NextStep to help raise money for our group through a course auction. The NextStep MCAT bundle consists of 6 free full-length exams with a list price of $149. This code does not expire, and you will have access to the exams for 6 months after activating the code. The comprehensive Kaplan course is valued at $2499 and the auction winner can use the course scholarship with any Kaplan MCAT course. The Kaplan code will expire on 9/7/18, so it must be used before then.

The auction begins Monday, October 30th and ends Monday, November 20th at 11:45 pm.

Rolan Park Middle School Volunteer Opportunity

Are you interested and available to come speak with RPEMS students at our annual College Awareness Day? We need a grass-roots effort for this event, since college admissions offices generally don't allocate staff to visit middle schools!
This is an event where each college sets up a table display at which representatives (current students at that college) speak informally with students in grades 6-8, sharing about their school and what it’s like to be in college. College students usually come in 1-2 hour blocks of time based on what their schedule allows. If you are interested, please contact Janet Fonda at jfonda@bcps.k12.md.us.

The event is on Wednesday, November 15, between 8:30 am-1:00 pm.

“Calm” App – Free Subscription

Meet Calm. Discover your stress-free self. Calm includes meditation and breathing exercises, sleep stories, and relaxing nature sounds. There is also content specifically designed for college students. The JHU community can try the Calm app for free this year.

Unlock your subscription here.

Counseling Center Wellness Programs

The Counseling Center offers a variety of programs and workshops focused on developing skills or exploring topics that help students to Be Well. Do Well. And Live Well. All workshops are offered free of charge to Homewood and Peabody undergraduate and graduate students.

Unpaid Internships and Service

Medical/Public Health Brigade to Honduras

Join Global Brigades from January 16th-24th 2018 in Honduras. This next brigade will be a hybrid medical/dental/public health brigade that will improve the overall health of a rural community. This counts as an Applied Experience. For more information, click here.

GLOBAL
Brigades

Community Impact Internships Program

Join other Hopkins students this summer in Baltimore working alongside community members to make a difference. The CIIP is a paid summer internship program that selects 50 JHU undergraduate students to be paired with nonprofit organizations, community organizations, and
government agencies throughout Baltimore City, and offers an intensive, cohort-based learning environment. Internships focus on community-identified projects and are selected for each student based on their skills and interests, providing a unique and individualized experience. In addition to interning in the community, the program includes an extensive orientation program and weekly reflection sessions with presentations to familiarize interns with Baltimore’s past and present.

Interns will work 35 hours a week for 8 weeks and earn a $4000 salary. The dates for this year’s program are June 4th – August 4th, 2018. CIIP is available to current JHU Freshman through Juniors.

The application for the 2018 Community Impact Internships Program (CIIP) is available at http://studentaffairs.jhu.edu/socialconcern/programs/ciip/interns/. The deadline is on December 22nd.

Survey Research Assistant (Intern) at Immune Deficiency Foundation

The Immune Deficiency Foundation is a non-profit organization that is dedicated to improving the diagnosis, treatment, and quality of life for Primary Immunodeficiency diseases. The IDF is searching for a Survey Research Assistant who will work with the Survey Research Analyst on a project about body temperature in patients with primary immunodeficiency. Your responsibilities will be collaborating with the IDF Communications Department to create a promotional plan for the study; communicating with the study participants before, during, and after the study; and inputting the study data into applicable databases. The time commitment would be about 25-35 hours per week.

For more information and any questions, please contact ewatson@primaryimmune.org or volunteer@primaryimmune.org.

Public Health Internships with Baltimore Parks

The Urban Resources Initiatives is searching for student interns for their Baltimore Parks Programs. Interns have the opportunity to play a key role in various projects relating to program development, innovative pilot projects or research to support a restoration of Baltimore’s urban parks, natural resources, and neighborhoods. These projects help to broaden interns’ understanding of urban natural resource and neighborhood revitalization issues, as well as the link between their classroom learning and career development. Priority applications are due on November 15.

More information on the different projects and the application here.

Public Policy Assistant (Intern) at Immune Deficiency Foundation

The Immune Deficiency Foundation is a non-profit organization that is dedicated to improving the diagnosis, treatment, and quality of life for Primary Immunodeficiency diseases. The IDF is searching for a Public Policy Assistant who will work with the Public Policy Department to address immunodeficiency healthcare access issues. Your responsibilities will be to track policy and advocacy issues on both the state and federal levels, assist with Advocacy Day preparations, and participate in 2018 Advocacy Day in DC. This is a great opportunity for anyone who wished to gain
experience working on advocacy campaigns and public policy initiatives. The time commitment would be about 15-20 hours per week.

For more information and any questions, please contact ewatson@primaryimmune.org.

Research for Credit Opportunity in the Epidemiology Research Group in Organ Transplantation

The Epidemiology Research Group in Organ Transplantation, a transplant epidemiology lab in the Department of Surgery at Johns Hopkins School of Medicine, is seeking motivated undergraduate students for a part-time research trainee position. Students will be working on the ENGAGE Study, a study aiming to expand live donor kidney transplantation through advocacy training and social media for patients on the kidney transplant waitlist. Responsibilities include recruiting and interviewing patients, abstracting medical records, and instructing patients during our Live Donor Champion and Donor App Programs. We ask for at least a one-year commitment and prefer students who are willing and able to work in the summer.

If interested, please send a brief statement of interest, resume, and unofficial transcript to Jonathan Konel, Research Assistant, Department of Surgery, Division of Transplant Surgery at JMKonel@jhu.edu.

Research Opportunity on Alcohol Misuse

This research is focused on a systematic review and meta-analysis of randomized controlled trials of psychosocial and pharmacological interventions aimed at reducing alcohol misuse in low- and middle-income countries, which has been registered with the Cochrane Drug and Alcohol Group. Students will assist in screening, data extraction and other aspects of the systematic review/meta-analysis.

For more information and any questions, please contact mgree116@jhu.edu.

Volunteers for Parents Lounge

WHEN: October 2017 - June 2018 from 10 a.m. to 2:00 p.m.
WHERE: Booker T Washington Middle School, 1301 McCulloh St, Baltimore, MD 21217
MORE INFO: For more information, contact Angela Sims via email.

Greater Baltimore Health Improvement Initiative is seeking computer-savvy volunteers to staff the parent lounge in assisting with basic internet and user application questions. Parents of current students utilize the lounge to take computer-based GED courses and apply for jobs.

Internship Available at Chase Brexton Health Care Department

Chase Brexton is a community medical center that works to provide affordable health care for all. They seek to engage individuals, foundations, and corporations to help their work by donating money or time. Please visit https://www.chasebrexton.org/ for more information.
The intern will be exposed to donor development and management by interacting with donors, tracking donor information, using the database E-tapestry and preparing for a donor cultivation event. Preferred skills or computer, graphic design, language, organizational and editing skills.

For more information and any questions please contact mjones@chasebrexton.org.

Paid Jobs and Internships

Community Manager for International Development Startup

Development United is an online platform that connects aid groups around the world. They are seeking to hire a community manager responsible for keeping the Development United community up to date. The Development United Community Manager will be responsible for keeping the Developing United Community up to date by monitoring engagement within the community and thinking of ways to increase this engagement, sending bi-monthly email updates to the members about new organizations or projects, and monitoring international development news to compile useful resources to send to members of the organization on a bi-monthly basis.

To apply send a writing sample, your CV, and a short statement of motivation (one-two paragraphs) to Robert@developmentunited.com. The application deadline is on Friday, November 17.

Research Program Assistant at Center on Aging and Health (Gap-Year Opportunity)

Dr. Frank Lin, of the School of Medicine and the Bloomberg School of Public Health, is looking for a research program assistant for a community-based clinical trial of an affordable and accessible hearing loss intervention for older adults. As the research program assistant you will be responsible for data collection from older adults who are living independently in senior living residential buildings throughout Baltimore City. Ideally this position would be a 1-2 year commitment. This opportunity is an ideal 2 year gap year position before medical or graduate school. Familiarity with prospective clinical studies or trials, research protocols, and IRB procedures is required.

More information and the job application here.

For any questions, please contact Dr. Lin at flin1@jhmi.edu or his office number: 410-502-0150.

Intern with the Maryland Department of Health Office of Preparedness and Response

The Maryland Department of health is searching for an intern to assist with conducting research and assessment of Maryland’s Pediatric Disaster Preparedness. The goal of the project is to enhance, enrich and advance Maryland’s capacities and capabilities to ensure pediatric resiliency and survival during disasters and emergencies. As the intern you will be responsible for research on pediatric disaster medicine, developing a web-based survey informed by literature review, and analyzing survey findings. The time requirement is max 20 hours a week.
To apply please email your resume, CV, or biography and a brief letter explaining your interest in the project to Loretta Hoepfiner loretta@mdaap.org by December 1st, 2017.

For more information and any questions please contact loretta@mdaap.org.

**CDSE Research Assistant**

The Center for Drug Safety and Effectiveness is looking for a research assistant to provide research and administrative support to a multidisciplinary team of clinicians and researchers. The investigations use a variety of public and proprietary data sources including administrative data such as health plan claims, audits of ambulatory-based care, electronic health information and longitudinal patient surveys. The investigations vary in their regulatory or clinical focus, although all are designed to be maximally relevant to improving the quality and safety of medication use in the United States. The student will have the opportunity to participate in multiple facets of the research from development of research aims to the preparation of final reports.

The time commitment is approximately 10-15 hours weekly during the school year and up to 40 hours per week during the summer. Students should be interested in epidemiology, pharmacology, or related field.

For more information and any questions please contact jheywar1@jhu.edu.

**Student Assistant for the Office of Work, Life and Engagement**

The Office of Work, Life and Engagement is looking for student assistance with the award-winning Johns Hopkins Breastfeeding Support Program, which serves faculty, staff and students who are breastfeeding and need private space to express breast milk.

The student will order supplies and replace outdated equipment, stock supplies in the Mother's Rooms and in the vending machine at the JHH campus, and oversee minor improvements to the Mother's Rooms. The student will also gather sign-in sheets and check Rooms at several locations (e.g. Homewood, Mt Washington, JHH).

The schedule is once per week for 3-8 hours and is flexible regarding day and time. Students must have their own transportation and be able to lift at least 15 lbs.

Application is through the Student Employment Office and the job number is 10615. For more information and any questions please contact mstoltz1@jhu.edu or bfowler1@jhu.edu.

**Digital DaVinci Award**
The Digital Da Vinci annual award presented by the Johns Hopkins University Digital Media Center is named for Leonardo Da Vinci, painter, sculptor, inventor, engineer renowned for his creativity and originality in art, science and technology. What ideas do you have to lead us into a new era? Is your idea Leonardo-worthy? The DMC has money available for creative projects! What tools, materials, and mentoring would it take to get your idea off the napkin and into the real world? Applications encouraged from full-time students in the JHU Schools of Arts & Sciences or Engineering, student clubs or organizations based on Homewood campus, and staff, faculty, and graduate instructors who are piloting a creative technology project that students will complete for class on the Homewood campus.

Applications for The Digital Da Vinci Award (formerly called the Creative Use of Technology Grant) are due on November 19, 2017 at midnight via email to digitalmedia@jhu.edu. For more information please see attached fact sheet or our web site http://bit.ly/digitaldavinciaward.

Meg Walsh Award

Meg Walsh, BA ’84, was a dedicated alumna, passionate explorer of the world, and, as treasurer and vice president of Lucent Technologies, a true leader in the global community. This award provides a graduating senior from the Krieger School of Arts and Sciences with $32,000 to undertake an independent project of his or her own unique design involving international travel. The award affords the opportunity for a promising Hopkins graduate to focus on an independent project that explores the student’s own interests and abilities, test his or her knowledge and assumptions in a broader international context, and develop leadership skills. Projects may be in any area, including public service, creative or artistic, research, and more.

For more information and the application materials, please visit http://sites.krieger.jhu.edu/sds/for-students-2/meg-walsh-award/.

Preventing Chronic Diseases Research Paper Submission to CDC

Preventing Chronic Disease (PCD) at the Center for Disease Control is looking for students at high school, undergraduate, or graduate level and recent post-graduates to submit papers relevant to the prevention, screening, surveillance, or population-based intervention of chronic diseases, including but not limited to arthritis, asthma, cancer, depression, diabetes, obesity, and cardiovascular disease. The primary goals of the concert is to provide applicants with an opportunity to gain knowledge and skills on the publication process and to promote mutually beneficial student-mentor relationships to strengthen the student’s ability to generate future scholarly manuscripts.

Manuscripts must be received electronically no later than 5:00 PM EST on Friday, February 23, 2018. Additional information and detailed submission guidelines are available on the PCD website at https://www.cdc.gov/pcd/announcements.htm.

The Horizons Technology Fellowship
The Horizons Fellowship supports 200 outstanding university students in their pursuit to become leaders in technology. Our program provides immersive software engineering and web/mobile development courses geared towards high-achieving college students. Students need not have a computer science background! Horizon students have gone on to receive offers from firms such as Google, Slack, Yelp, Amazon, Visa, J.P. Morgan and more. More information and the application on the website here.
