## Information Sessions and Career Fairs

Join the Undergraduate Public Health Studies Department and the Nonprofit & Government Career Academy for the Public Health Alumni Panel! Come learn from five alumni panelists using their Public Health degrees in unique and interesting ways! Light refreshments will be provided.

Sign up at [https://jhu.joinhandshake.com/events/123743/share\\_preview](https://jhu.joinhandshake.com/events/123743/share_preview).

**Video Available for BA/MHS Info Session**

Want to know more about the BA/MPH opportunities but couldn't attend the info session?  
Recordings of the [first half](#) and [second half](#) of the event are now available online!

### Nonprofit Career Week is Feb. 12-16, 2018

Are you passionate about social change and interested in working for think tanks, nonprofits, NGOs or with community organizations? Meet alumni who work in career related to those passions, network, and find internships or jobs during the Career Center's Nonprofit Career Week **Feb. 12-15**.

Claim your spot at one of four events and the Nonprofit Internship and Career Fair (Feb. 15) on Handshake by searching "nonprofit" in the events section. <https://jhu.joinhandshake.com/events>

The graphic is a vertical rectangular poster with a yellow background. It features several text boxes of different shapes and colors (white, dark blue, light blue) containing event details. At the bottom, there is a white banner with the title 'NONPROFIT CAREER WEEK' and a yellow banner with the dates 'FEBRUARY 12 - 15, 2018'. The text 'rsvp: jhu.joinhandshake.com' is centered above the white banner.

## Unpaid Internships and Service

### Volunteer Opportunity in a Community-Based Study on Chagas Disease

A research project is being conducted by researchers at the Johns Hopkins School of Public Health and the non-profit organization Latin American Society of Chagas Disease (LASOCHA) to estimate the burden of Chagas disease and cardiac abnormalities in the Latin American population in the Baltimore Washington Metropolitan Area. Chagas disease is a parasitic infection that affects mainly Latin Americans and is considered one of the main causes of cardiomyopathy in this population.

Volunteers will be participating in data collection, educating community members about Chagas disease, performing rapid tests of Chagas disease, performing epidemiologic interviews, assisting cardiologists during electrocardiogram and echocardiogram evaluations, and organizing materials and documents. Volunteers must be undergraduate or graduate students in the subjects: medicine, nursing, biology/biochemistry, social sciences or public health, and fluency in Spanish is preferable.

For more information and how to apply please contact Yagahira Castro, [ycastro1@jhu.edu](mailto:ycastro1@jhu.edu) or (667)207-3330.

### **Fund for Global Health**

Fund for Global Health is looking for undergraduate students with interests in global public health and advocacy! The mission of the Fund for Global Health is to provide the maximum possible health benefit to vulnerable people in developing countries. One of the best ways to accomplish this is by advocating for increased U.S. funding for effective global health programs. This year, they are focused on increasing U.S. foreign aid for addressing tuberculosis, maternal & child health, and universal immunization.

To apply, please submit a resume, a 1-2 page writing sample and a brief statement of interest to the Director of Advocacy, Keith Johnson, at [k.johnson@fundforglobalhealth.org](mailto:k.johnson@fundforglobalhealth.org). Minimum 4-month commitment required; 12 months is preferred.

### **Medicare Payment Advisory Commission (MedPAC) Research Assistant Position**

The Medicare Payment Advisory Commission (MedPAC) seeks research assistant candidates who are committed to producing high-quality work in an intellectually challenging environment. MedPAC is interested in candidates who would be available to start work in the Summer of 2018 and commit to the position for two years. MedPAC is a small, nonpartisan federal government agency that advises the U.S. Congress on the Medicare program. MedPAC staff evaluate Medicare policies and payment systems, develop policy options for consideration by the Commission, and present their work in regular public meetings. MedPAC publishes its recommendations and supporting analyses in two annual reports and other periodic reports as mandated by Congress. In addition, staff prepare analyses of proposed regulations, write issue briefs, and contribute to the preparation of Congressional testimony.

Research assistants must be able to work as part of a team and independently take on assigned tasks to fulfill the Commission's mandate. We particularly value candidates with written and oral communication skills, because research assistants are asked to write policy briefs and present findings in public. Depending on need, research assistants perform a variety of tasks including data collection, data programming (using SAS software), literature reviews, interviewing, and coordination of travel for site visits.

For more information, click [here](#).

### **Crisis Prevention and Intervention Internships**

EveryMind is a leading mental health resource in the DC region offering direct services, information, and referrals for EVERYONE. From school age children to older adults, services include mental health counseling, intensive case management, as well as crisis prevention and intervention. Internships are one of the many ways in which EveryMind is helping to build the next generation of mental health service providers. Internships are available for a semester or the entire

school year. All internships are unpaid, but may be eligible for school credit. Weekly supervision is provided to interns.

Potential activities interns participate in include: providing supportive listening, information and resources referrals for individuals through telephone, text, and chat services; designing and implementing outreach and recruiting initiatives; providing mental health presentations throughout the community; and participating in the BTheOne Public Awareness Campaign to spread important messages about preventing suicide and drug abuse.

To apply for an EveryMind internship, submit a [completed application](#) to Pamela Lee at [intern@Every-Mind.org](mailto:intern@Every-Mind.org) or via fax at 301.738.1030. Please submit your resume and personal statement, indicating your choice of internship and placement, with the application.

### **Survey Research Assistant (Intern) at Immune Deficiency Foundation**

The Immune Deficiency Foundation is a non-profit organization that is dedicated to improving the diagnosis, treatment, and quality of life for Primary Immunodeficiency diseases. The IDF is searching for a Survey Research Assistant who will work with the Survey Research Analyst on a project about body temperature in patients with primary immunodeficiency. Your responsibilities will be collaborating with the IDF Communications Department to create a promotional plan for the study; communicating with the study participants before, and after the study; and inputting the study data into applicable databases. The time commitment would be about 25-35 hours per week.

For more information and any questions, please contact [ewatson@primaryimmune.org](mailto:ewatson@primaryimmune.org) or [volunteer@primaryimmune.org](mailto:volunteer@primaryimmune.org).

### **Public Policy Assistant (Intern) at Immune Deficiency Foundation**

The Immune Deficiency Foundation is a non-profit organization that is dedicated to improving the diagnosis, treatment, and quality of life for Primary Immunodeficiency diseases. The IDF is searching for a Public Policy Assistant who will work with the Public Policy Department to address immunodeficiency healthcare access issues. Your responsibilities will be to track policy and advocacy issues on both the state and federal levels, assist with Advocacy Day preparations, and participate in 2018 Advocacy Day in DC. This is a great opportunity for anyone who wished to gain experience working on advocacy campaigns and public policy initiatives. The time commitment would be about 15-20 hours per week.

For more information and any questions, please contact [ewatson@primaryimmune.org](mailto:ewatson@primaryimmune.org).

## **Paid Jobs and Internships**

### **2018 CFAR Baltimore HIV/AIDS Scholars Program**

The Baltimore HIV/AIDS Scholars Program was established in 2012 to promote the development of promising undergraduate students into HIV/AIDS investigators. Students conduct research under

the direct mentorship of established Johns Hopkins researchers with the purpose of advancing science in the fields of HIV prevention and treatment that are specifically of relevance to the HIV epidemic in Baltimore City. Mentors are drawn from the Johns Hopkins Schools of Medicine, Nursing and Bloomberg School of Public Health. The program culminates with the development of a scientific abstract and poster presentation.

**Applications are due by Friday, March 2, 2018. Applicants will be informed of their status by March 19, 2018.**

Interns will work 30 – 40 hours a week for eight weeks and earn a \$4,000 salary. The dates for this year's program are June 4 to Aug. 4, 2018. The program is available to current JHU freshmen through juniors. For more information about the program and to apply please visit JHU Handshake or <http://hopkinscfar.org/>.

Program contact: Jordan White, Johns Hopkins Center for AIDS Research, 410-502-2039 or [jjwhite@jhu.edu](mailto:jjwhite@jhu.edu)

### **ASPPH Accepting Applications for Undergraduate Summer Internship Program**

The Association of Schools and Programs of Public Health (ASPPH) is accepting applications for the Summer 2018 ASPPH Undergraduate Internship Program, a 10 – 12 week experience at ASPPH headquarters in Washington, DC. Interns will have the opportunity to work on a variety of projects focusing on education in public health, gain experience working in a professional public health organization, apply skills they have learned in their classes, and interact with and learn from experts in the field of public health.

ASPPH is recruiting applicants for three positions in the following areas: student recruitment, undergraduate education, and data management and analysis. Additional information can be found in the [program announcement](#).

Only undergraduate students who are enrolled full-time in a public health, global health, or related major with at least two years of undergraduate education completed are eligible for this internship. Students who will graduate with a degree from such a program in Spring 2018 are also eligible.

Applications are due by March 11<sup>th</sup>. To apply, click [here](#).

### **Undergraduate Scholarship Program at NIH**

The National Institutes of Health (NIH) Undergraduate Scholarship Program (UGSP) offers competitive scholarships to students from disadvantaged backgrounds who are committed to careers in biomedical, behavioral, and social science health-related research. The program offers: Scholarship support, paid research training at the NIH during the summer, and paid employment and training at the NIH after graduation.

The NIH UGSP will pay up to \$20,000 per academic year in tuition, educational expenses, and reasonable living expenses to scholarship recipients. Scholarships are awarded for 1 year, and can be renewed up to 4 years.

More information and the application [here](#). The application is due March 15, 2018.

### **Summer Internship Program at NIH**

Summer programs at the National Institutes of Health (NIH) provide an opportunity to spend a summer working at the NIH side-by-side with some of the leading scientists in the world, in an environment devoted exclusively to biomedical research (At the NIH "biomedical sciences" includes everything from behavioral and social sciences, through biology and chemistry, to physics, mathematical modeling, computational biology, and biostatistics).

Internships cover a minimum of eight weeks, with students generally arriving at the NIH in May or June. The NIH Institutes and the Office of Intramural Training & Education sponsor a wide range of summer activities including lectures featuring distinguished NIH investigators, career/professional development workshops, and Summer Poster Day.

Prospective candidates must apply [here](#). The program is open to undergraduate and graduate students. The application is available until March 1, 2018. It requires submission of a resume, a list of coursework and grades, a cover letter describing your interests and goals, and two references.

### **Summer Internship Program with the Association of Schools & Programs of Public Health**

ASPPH is accepting applications for the Summer 2018 ASPPH Undergraduate Internship Program, a 10 - 12 week experience at ASPPH headquarters in Washington, DC. Interns will have the opportunity to work on a variety of projects focusing on education in public health; gain experience working in a professional public health organization; apply skills they have learned in their classes; and interact with and learn from experts in the field of public health.

Only undergraduate students who are enrolled full-time in a public health, global health, or related major with at least two years of undergraduate education completed, are eligible for this internship. Students who will graduate with a degree from such a program in Spring 2018 are also eligible.

ASPPH is recruiting applicants for three positions in the following areas: student recruitment, undergraduate education, and data management and analysis.

More information and application instructions can be found [here](#). The application is due Sunday, March 11, 2018 at 11:59pm.

### **Global Health Teaching Associate Position at Weill Cornell**

The Office of Global Health Education in Weill Cornell Medicine is recruiting for a new full time Global Health Teaching Assistant for the 2018-2019 academic year. The GHTA will work closely with faculty and students and provides the overall direction for all activities related to developing and implementing the Global Health Curriculum at Weill Cornell Medicine. The GHTA may also spend half a day per week involved in service-related work with resource-poor populations in New York City. Faculty will find an appropriate placement and mentor to meet personal interests and career goals of the GHTA.

This position is for soon-to-graduate seniors and graduates. The program begins in June of 2018 and continues into June of 2019 at Weill Cornell Medicine, with a chance to continue for a following year. The benefits include a salary and competitive health benefits package.

If interested, please submit the following materials to Caitlin Noonan at [globalhealthta@med.cornell.edu](mailto:globalhealthta@med.cornell.edu): Your resume; 1-2 page cover letter describing your interest and experience in global health, your leadership and administrative experience, and any other points relevant to the position; and a faculty recommendation letter sent directly to [globalhealthta@med.cornell.edu](mailto:globalhealthta@med.cornell.edu).

### **Full-Time Research Assistant in Health Policy**

[L&M Policy Research](#), LLC is seeking candidates for entry-level research positions beginning Summer 2018 in Washington, DC. L&M is a highly-collaborative and collegial boutique health services research firm that offers a deep knowledge of public and private health care issues grounded in extensive experience in qualitative and quantitative research methods and health services management and operations. Our dedicated staff provides the highest quality research to assist government and private organizations in improving health care across the United States, with particular focus on Medicare, Medicaid, and private insurance marketplace reforms.

Minimum qualifications include: recent bachelor's degree, strong interest in health policy research, excellent organizational skills, strong technical writing skills, strong analytical skills, library and internet research experience, capacity to work both autonomously and as a team, ability to prioritize competing deadlines and complete tasks for multiple assignments simultaneously, proficiency with Excel and presentation graphics software skills, and familiarity with data analysis and software packages (e.g STATA, SAS). Working proficiency in Spanish is a plus.

To apply, please send a resume, writing sample, and cover letter to: [careers@LMpolicyresearch.com](mailto:careers@LMpolicyresearch.com)  
Applications are due by April 1.

### **USDN Equity Diversity Inclusion (EDI) Fellowship Program**

The Global Philanthropy Partnership (GPP) and the Urban Sustainability Directors Network (USDN) are pleased to offer six summer 2018 fellowship opportunities with local governments. Fellows will receive a valuable learning experience while helping local governments to advance their sustainability and inclusion goals. 2018 fellowships will be offered with the City of Austin (TX), City of Baltimore (MD), City of Eugene (OR), City of Fayetteville (AR), City of Milwaukee (WI), and City of San Antonio (TX).

GPP and USDN will provide a living wage specific to the location at which you are placed, full-time employment over the summer, and free attendance at the October 2018 USDN annual meeting (expenses paid). As an intern fellows will experience working in a local government sustainability program on a well-defined project that advances a community's sustainability and equity goals and working with a project that is inclusive of underserved and under-represented communities and responsive to their needs and priorities. Fellows will also receive mentorship and participation in a national learning cohort of USDN EDI fellows, as well as access to all USDN member discussions and products.

More information and the application [here](#). Applications are accepted on a rolling basis through early March 2018.

### **Collective Health Hiring for Operations Associate and Member Advocate**

Collective Health is a health-tech company in San Francisco that is creating a better healthcare experience from the ground-up. The company is 4 years old and growing quickly! The Operations team is the engine of the business, operating the core processes that power the business. Collective Health is backed by some of the best investors in Silicon Valley and have been ranked the No. 2 Tech Company to Watch by the [Wall Street Journal](#). They have also been voted as the best Health Tech company to work for by [Rock Health](#).

Candidates should be intellectually curious and self-motivated people with 0-2 years of experience. They are hiring several people for these two roles, with start dates ranging from February-late summer: Operations Associate: <http://grnh.se/kaorcd1> Member Advocate <http://grnh.se/37p5ws1>

Questions can be directed to PHS Hopkins alumnus Ian Colrick at [icolric1@jhu.edu](mailto:icolric1@jhu.edu).

### **Research Interviewer for the PREPARE NOW study**

Searching for research interviewer for the PREPARE NOW study, a new program to help prepare patients with chronic kidney disease for decisions about treatment for kidney failure. Researchers will contact eligible patients by telephone and obtain informed consent. You will be responsible for administering the baseline and follow-up questionnaire using standardized structured interview by telephone and then enter the data into an on-line REDCap database. The pay is \$15 per hour. The hours are flexible with daytime, evening and weekend shifts available. The office is located at 2024 E Monument Street, Baltimore, MD 21210.

For more information on how to apply and any questions please contact Patti Emphraim at [pephraim@jhu.edu](mailto:pephraim@jhu.edu).

### **V-BID Center Summer Internship Program at University of Michigan**

The Center for Value-Based Insurance Design at the University Michigan is searching for undergraduate students from around the country. They are offering an opportunity to integrate students into the vast, fast-paced world of public health policy. Upon joining the multidisciplinary team, interns will participate in hands-on, collaborative experiences as they gain a better understanding of various facets of health care policy. Throughout the summer, each intern and their unique contributions will become an integral asset to the center's work.

Applications will be accepted through **February 15, 2018**. If interested, please forward a cover letter and resume to [vbcenter@umich.edu](mailto:vbcenter@umich.edu).

For more information or to speak with alumni of the V-BID summer internship program, please contact the V-BID Center Program Manager, Susan Lynne Oesterle, [vbidcenter@umich.edu](mailto:vbidcenter@umich.edu).

### Design Opportunity in Center for Communication Programs

The IP/I project seeks to contract a student to support the development of a package of resources to support improved interpersonal communication for immunization among frontline health workers globally. The scope of work includes graphic design, layout, and design. Qualifications for the opportunity include: relevant expertise designing and producing print materials, especially for health, development or social issues; prior experience designing and developing communications products for a regional or global audience; experiencing designing or developing training materials for low-literacy audiences; and a demonstrated ability to pay attention to detail and deliver high quality program.

Start date: February 2018, end date: June 2018. Undergraduate pay rate: \$13/hour.

If Interested, send a resume to Jvani Cabiness [jcabine1@jhu.edu](mailto:jcabine1@jhu.edu) and Claudia Ilbert [claudia.ilbert@jhu.edu](mailto:claudia.ilbert@jhu.edu)

[Back to Top](#)

## Fellowships and Grants

### Philadelphia Department of Public Health's 2018 Urban Health Fellowship Program

The Philadelphia Department of Public Health is now accepting applications for its third class of Urban Health Policy Fellows. This two-year paid fellowship is designed specifically for those with baccalaureate degrees in public health. During the program, Urban Health Policy Fellows work directly with senior leaders of one of the nation's most innovative health departments on high priority projects, while receiving on-the-job training in public health policy development. The next class of the fellowship will begin in early July 2018, and continue through June 2020.

More information and the application process [here](#). The deadline for submitting applications is Friday, March 9, 2018.

Interested applicants are encouraged to join the Department for a live webinar on Wednesday, February 21, 2018 at 1pm. Those interested in participating can email [UPHFellow@phila.gov](mailto:UPHFellow@phila.gov).

### Teach in Baltimore, earn master's degree with full tuition support

The JHU School of Education is accepting applications for the Baltimore Education Fellows 2018 cohort. This is a unique opportunity for Krieger School of Arts and Sciences graduates who have an interest in education and are committed to making a difference in Baltimore. Accepted fellows earn a master's degree in one year and complete internships in city schools. Faculty are available to meet with interested students; applications are due by **April 1**.

For more information, go to the [Master of Arts in Teaching-Baltimore Education Fellows page](#) of the School of Education website.

## Summer Training and Research (STAR) Opportunity

STAR offers Johns Hopkins University undergraduate students \$4000 to help offset the expense of staying at JHU over the summer to start or continue work with a Hopkins faculty member or lab in any division, department or program at Johns Hopkins. This is not for students working internships outside of the JHU community.

The STAR session runs for 10 weeks over the summer from June to mid-August (June 4, 2018 – August 10, 2018). Students are expected to arrange and pay for their own summer housing. STAR encourages applications from students from under-served backgrounds (e.g., first generation students, low-income backgrounds), students who are underrepresented in STEM fields, and/or those who may not have previously had an opportunity for a research experience. STAR will also offer participants professional development opportunities throughout the summer and continuing through the academic year. STAR participants will be required to present a poster at the annual Hopkins CARES Symposium and Poster Session. They will also have the opportunity to present their research at the annual DREAMS day held annually in April.

For more information and to apply, click [here](#). Applications are open until **February 23, 2018**.

### Preventing Chronic Diseases Research Paper Submission to CDC

Preventing Chronic Disease (PCD) at the Center for Disease Control is looking for students at high school, undergraduate, or graduate level and recent post-graduates to submit papers relevant to the prevention, screening, surveillance, or population-based intervention of chronic diseases, including but not limited to arthritis, asthma, cancer, depression, diabetes, obesity, and cardiovascular disease.

The primary goals of the concert is to provide applicants with an opportunity to gain knowledge and skills on the publication process and to promote mutually beneficial student-mentor relationships to strengthen the student's ability to generate future scholarly manuscripts.

Manuscripts must be received electronically no later than 5:00 PM EST on **Friday, February 23, 2018**. Additional information and detailed submission guidelines are available on the PCD website at <https://www.cdc.gov/pcd/announcements.htm>.
