**Unpaid Internships and Service**

Research Assistant Position with Psychiatry Department at JHU School of Medicine
An undergraduate research assistant position is available in the Schizophrenia Center at the Johns Hopkins School of Medicine for credit. The center seeks a talented and highly motivated individual to pursue translational/clinical research projects, including a) first episode psychosis project, and b) chronic schizophrenia and mood disorder project. Primary purposes include 1) to identify biomarker candidates, and 2) to generate hypotheses for pathophysiology of psychiatric disorders.

A successful candidate will work with interdisciplinary teams to analyze molecular profiling data (microarray, RNA-Seq, Ribo-Seq, etc.) and brain imaging data (MRI, fcMRI, and MRS) as well as integrate data across clinical and molecular data layers. He/she will be co-mentored by multiple faculty members inside the Schizophrenia Center, including faculties expertise in data science, molecular science, brain imaging, and clinical psychiatry. Interested students should have experience in using cutting-edge computational methods to analyze data, and a background in biostatistics. Proficiency in at least two of the following languages: R, Python, Ruby, C++ is highly encouraged.

Please send CV to JHSZC@jhu.edu or contact Aditi Trivedi at atrived3@jhu.edu or 443-287-4986.

---

**Summer Internship Scholarship with BA Rudolph Foundation**

The **B.A. Rudolph Foundation** champions the educational and professional development of women for whom a small amount of support could make a significant difference. **Specifically, the Foundation provides financial and professional support to women with summer internships in public service (graduate and undergraduate in the Washington, DC area) and STEM internships/fellowships/assistantships (undergraduate, nationwide).** The goal of the stipends is to cover living expenses, making it feasible for students to accept unpaid internships. In addition to financial support, the Foundation provides each scholar with 1-2 mentors in her field of interest, professional development workshops, and networking opportunities.

Scholarship applications are due by: **March 28** for graduate public service applicants, **April 4** for STEM applicants, **April 11** for undergraduate public service applicants.

The B.A. Rudolph Foundation is committed to the principles of diversity and equity. In that spirit, we are particularly dedicated to reaching applicants from a broad spectrum of qualified people. Applicants with diverse backgrounds, experiences, ability and perspectives are encouraged to apply [here](#).

**Volunteers Needed for The National Museum of Natural History**

The National Museum of Natural History is currently recruiting volunteers for Outbreak: Epidemics in a Connected World, a unique exhibit opening May 2018. Outbreak is a temporary exhibit that explores zoonotic viral diseases and connections between the health of animals, humans, and the environment. Viruses featured in the exhibit include HIV, Influenza, SARS, and Ebola. As a volunteer, you will: raise awareness about efforts to detect, respond to, and prevent epidemics, engage in fact-based discussions with the public on hot topics in global health, and receive training on the exhibit's content and visitor engagement from world-renowned Smithsonian staff.

---
In order to volunteer for the National Museum of Natural History you must: pass a Smithsonian background check, complete a one-hour, in-person interview (scheduling of interviews is flexible), complete online and face-to-face training in April and May of 2018, and commit to volunteering in the exhibit eight hour per month for one year starting in May 2018 (note that scheduling of shifts is flexible)

No experience is necessary. Apply by March 23rd 2018
To Apply contact NMNHVolunteer@si.edu.

Public Health Brigade to Honduras

Join Global Brigades for a week in May in Honduras. You would be working with one family to build a sanitation station (consisting of a shower, toilet, and water pila), cement floors, an eco-stove, and co-lead health education workshops. No previous Spanish experience needed! Two of these brigades can be completed for an Applied Experience.

Contact JHU Public Health Brigades president Madison Dutson at madisondutson@jhu.edu for more information.

Volunteer Opportunity in a Community-Based Study on Chagas Disease

A research project is being conducted by researchers at the Johns Hopkins School of Public Health and the non-profit organization Latin American Society of Chagas Disease (LASOCHA) to estimate the burden of Chagas disease and cardiac abnormalities in the Latin American population in the Baltimore Washington Metropolitan Area. Chagas disease is a parasitic infection that affects mainly Latin Americans and is considered one of the main causes of cardiomyopathy in this population.

Volunteers will be participating in data collection, educating community members about Chagas disease, performing rapid tests of Chagas disease, performing epidemiologic interviews, assisting cardiologists during electrocardiogram and echocardiogram evaluations, and organizing materials and documents. Volunteers must be undergraduate or graduate students in the subjects: medicine, nursing, biology/biochemistry, social sciences or public health, and fluency in Spanish is preferable.

For more information and how to apply please contact Yagahira Castro, ycastro1@jhu.edu or (667)207-3330.

Fund for Global Health
Fund for Global Health is looking for undergraduate students with interests in global public health and advocacy! The mission of the Fund for Global Health is to provide the maximum possible health benefit to vulnerable people in developing countries. One of the best ways to accomplish this is by advocating for increased U.S. funding for effective global health programs. This year, they are focused on increasing U.S. foreign aid for addressing tuberculosis, maternal & child health, and universal immunization.

To apply, please submit a resume, a 1-2 page writing sample and a brief statement of interest to the Director of Advocacy, Keith Johnson, at k.johnson@fundforglobalhealth.org. Minimum 4-month commitment required; 12 months is preferred.

Medicare Payment Advisory Commission (MedPAC) Research Assistant Position

The Medicare Payment Advisory Commission (MedPAC) seeks research assistant candidates who are committed to producing high-quality work in an intellectually challenging environment. MedPAC is interested in candidates who would be available to start work in the Summer of 2018 and commit to the position for two years. MedPAC is a small, nonpartisan federal government agency that advises the U.S. Congress on the Medicare program. MedPAC staff evaluate Medicare policies and payment systems, develop policy options for consideration by the Commission, and present their work in regular public meetings. MedPAC publishes its recommendations and supporting analyses in two annual reports and other periodic reports as mandated by Congress. In addition, staff prepare analyses of proposed regulations, write issue briefs, and contribute to the preparation of Congressional testimony.

Research assistants must be able to work as part of a team and independently take on assigned tasks to fulfill the Commission’s mandate. We particularly value candidates with written and oral communication skills, because research assistants are asked to write policy briefs and present findings in public. Depending on need, research assistants perform a variety of tasks including data collection, data programming (using SAS software), literature reviews, interviewing, and coordination of travel for site visits.

For more information, click here.

Crisis Prevention and Intervention Internships

EveryMind is a leading mental health resource in the DC region offering direct services, information, and referrals for EVERYONE. From school age children to older adults, services include mental health counseling, intensive case management, as well as crisis prevention and intervention. Internships are one of the many ways in which EveryMind is helping to build the next generation of mental health service providers. Internships are available for a semester or the entire school year. All internships are unpaid, but may be eligible for school credit. Weekly supervision is provided to interns.

Potential activities interns participate in include: providing supportive listening, information and resources referrals for individuals through telephone, text, and chat services; designing and implementing outreach and recruiting initiatives; providing mental health presentations throughout
the community; and participating in the BTheOne Public Awareness Campaign to spread important messages about preventing suicide and drug abuse.

To apply for an EveryMind internship, submit a **completed application** to Pamela Lee at intern@Every-Mind.org or via fax at 301.738.1030. Please submit your resume and personal statement, indicating your choice of internship and placement, with the application.

**Survey Research Assistant (Intern) at Immune Deficiency Foundation**

The Immune Deficiency Foundation is a non-profit organization that is dedicated to improving the diagnosis, treatment, and quality of life for Primary Immunodeficiency diseases. The IDF is searching for a Survey Research Assistant who will work with the Survey Research Analyst on a project about body temperature in patients with primary immunodeficiency. Your responsibilities will be collaborating with the IDF Communications Department to create a promotional plan for the study; communicating with the study participants before, and after the study; and inputting the study data into applicable databases. The time commitment would be about 25-35 hours per week.

For more information and any questions, please contact ewatson@primaryimmune.org or volunteer@primaryimmune.org.

---

**Public Policy Assistant (Intern) at Immune Deficiency Foundation**

The Immune Deficiency Foundation is a non-profit organization that is dedicated to improving the diagnosis, treatment, and quality of life for Primary Immunodeficiency diseases. The IDF is searching for a Public Policy Assistant who will work with the Public Policy Department to address immunodeficiency healthcare access issues. Your responsibilities will be to track policy and advocacy issues on both the state and federal levels, assist with Advocacy Day preparations, and participate in 2018 Advocacy Day in DC. This is a great opportunity for anyone who wished to gain experience working on advocacy campaigns and public policy initiatives. The time commitment would be about 15-20 hours per week.

For more information and any questions, please contact ewatson@primaryimmune.org.

---

**Back to Top**
Are you interested in tackling global health problems with a diverse, multidisciplinary team? Apply for one of several positions available through our five Global Established Multidisciplinary Sites (GEMS) this year. Positions are recruiting for students from a variety of disciplines, including public health, medicine, education, and nursing. In previous years, GEMS students have worked together to inform development of mobile platforms for integrated care, novel autism screening tools, and population-level COPD assessments, among many opportunities!

See our website for description of the 2018 sites and PI contact information.

Hiring Research Assistant - Diabetes mHealth Tool

The Diabetes Networking Tool (DNT) is a mobile health (mHealth) application that enhances Type II diabetes (T2D) patients’ ability to self-manage and avoid disease complications by bolstering family, household, and community-based support mechanisms. This app is targeted for T2D patients living in Southwest Baltimore.

Applicants must have excellent interpersonal skills, be responsible, and be comfortable with diverse communities. Preferred skills include experience with mHealth, knowledge of nutrition and/or diabetes. Students are expected to work 8 hours per week and compensation is yet to be determined. Proposed start date is April 1st.

Responsibilities include recruiting potential users of the app (including consenting and enrolling participants into the study), following-up with participants, collecting qualitative information, reporting user-problems, and assisting in IRB related work.

To apply, submit cover letter, resume, and 2 references (preferably from supervisors) to Pamela Surkan at psurkan@jhu.edu.

Hiring Research Assistant for Epidemiology Research Group in Organ Transplantation

The Epidemiology Research Group in Organ Transplantation, a lab in the Johns Hopkins Department of Surgery, is seeking 1-2 motivated undergraduate students for a part-time research assistant position. Students will be working on the WHOLE Donor Study, a long-term follow up study of live kidney donors. Applicants should have excellent communication and organizational skills, attention to detail, and the ability to work well with others.

Responsibilities will include interviewing patients, abstracting medical records, consenting patients in clinic, and assisting on other studies as needed. This is a year-long position where students are expected to work 10 hours per week during the semester, and closer to 40 hours per week during the summer. Compensation is $12/hour or course credit. Proposed start date is June 2018.

To apply, submit cover letter, resume, unofficial transcript, and a brief statement of interest to Madeleine Waldram at mwaldra1@jhu.edu.

Administrative Coordinator Position at PSI
We are looking for Administrative Coordinator to support both the HIV/TB and Global Marketing departments with overall day-to-day operations (50% LOE per department). The Coordinator will have wide-ranging responsibilities and work with PSI staff at all levels both in Washington and overseas. The ideal candidate is someone who will pro-actively meet administrative needs, can juggle multiple, competing priorities, and will enthusiastically ensure smooth and timely flow of work. Some tasks include: assisting in the preparation of documents, including PowerPoint presentations, spreadsheets and correspondence; supporting financial management by tracking expenses, processing invoices, reconciling credit card activity, assisting in managing departmental invoices and consultants, and helping ensure compliance with funding requirements. This position is based in Washington, D.C.

More information and the application [here](#).

---

**Applications Open for Goodyear Award**

The Public Health Studies program is now accepting applications for the third James D. Goodyear Public Health Service in Baltimore Award. Named in honor of the former Associate Director of Public Health Studies, this award will provide a stipend of $3000 to one Public Health Studies undergraduate student per year, allowing the student to complete an otherwise unpaid public health service internship based in Baltimore City.

Applicants must have already secured an internship for the summer of 2018 in order to be considered for the award. An application essay, describing the scope of the internship and its relevance to your career development, current academics and future goals is required. View the [application form](#) for complete requirements.

Applications are due to Caroline Barry by **5pm on April 6th, 2018**. Contact the Public Health Studies office with any questions.

---

**Johns Hopkins Hospital Medical Affairs Internship 2018-2019**

The Johns Hopkins Hospital Medical Affairs Internship is a yearlong, paid, full-time position aimed at highly motivated individuals who are pursuing a career in medicine and are looking for a gap-year opportunity. The internship is designed to provide aspiring physician leaders with a comprehensive learning experience at a premier academic health system.

The intern will be exposed to hospital operations and leadership through administrative support to Medical Affairs subcommittees such as The House Staff Council, The Ethics Consultation Service, and The Influenza Prevention Taskforce. Furthermore, the intern will serve as a project coordinator on a specific project during their internship. Project opportunities will vary and reflect both the participant’s learning goals and the priorities of The Medical Affairs Office. Candidates will also have the opportunity to attend senior leadership meetings throughout Johns Hopkins Medicine and gain exposure to various health system functions. Prior to beginning, the selected intern will finalize goals, expectations, and evaluation criteria with the Sr. Vice President of Medical Affairs and the Internship Program Manager.

Applications will be accepted until March 30th, 2018 5pm EST
Global Health Teaching Associate Position at Weil Cornell

The Office of Global Health Education in Weill Cornell Medicine is recruiting for a new full time Global Health Teaching Assistant for the 2018-2019 academic year. The GHTA will work closely with faculty and students and provides the overall direction for all activities related to developing and implementing the Global Health Curriculum at Weill Cornell Medicine. The GHTA may also spend half a day per week involved in service-related work with resource-poor populations in New York City. Faculty will find an appropriate placement and mentor to meet personal interests and career goals of the GHTA.

This position is for soon-to-graduate seniors and graduates. The program begins in June of 2018 and continues into June of 2019 at Weill Cornell Medicine, with a chance to continue for a following year. The benefits include a salary and competitive health benefits package.

If interested, please submit the following materials to Caitlin Noonan at globalhealthta@med.cornell.edu: Your resume; 1-2 page cover letter describing your interest and experience in global health, your leadership and administrative experience, and any other points relevant to the position; and a faculty recommendation letter sent directly to globalhealthta@med.cornell.edu.

Full-Time Research Assistant in Health Policy

L&M Policy Research, LLC is seeking candidates for entry-level research positions beginning Summer 2018 in Washington, DC. L&M is a highly-collaborative and collegial boutique health services research firm that offers a deep knowledge of public and private health care issues grounded in extensive experience in qualitative and quantitative research methods and health services management and operations. Our dedicated staff provides the highest quality research to assist government and private organizations in improving health care across the United States, with particular focus on Medicare, Medicaid, and private insurance marketplace reforms.

Minimum qualifications include: recent bachelor’s degree, strong interest in health policy research, excellent organizational skills, strong technical writing skills, strong analytical skills, library and internet research experience, capacity to work both autonomously and as a team, ability to prioritize competing deadlines and complete tasks for multiple assignments simultaneously, proficiency with Excel and presentation graphics software skills, and familiarity with data analysis and software packages (e.g STATA, SAS). Working proficiency in Spanish is a plus.

To apply, please send a resume, writing sample, and cover letter to: careers@LMpolicyresearch.com Applications are due by April 1.
The Global Philanthropy Partnership (GPP) and the Urban Sustainability Directors Network (USDN) are pleased to offer six summer 2018 fellowship opportunities with local governments. Fellows will receive a valuable learning experience while helping local governments to advance their sustainability and inclusion goals. 2018 fellowships will be offered with the City of Austin (TX), City of Baltimore (MD), City of Eugene (OR), City of Fayetteville (AR), City of Milwaukee (WI), and City of San Antonio (TX).

GPP and USDN will provide a living wage specific to the location at which you are placed, full-time employment over the summer, and free attendance at the October 2018 USDN annual meeting (expenses paid. As an intern fellows will experience working in a local government sustainability program on a well-defined project that advances a community’s sustainability and equity goals and working with a project that is inclusive of underserved and under-represented communities and responsive to their needs and priorities. Fellows will also receive mentorship and participation in a national learning cohort of USDN EDI fellows, as well as access to all USDN member discussions and products.

More information and the application here. Applications are accepted on a rolling basis through early April 2018.

**Collective Health Hiring for Operations Associate and Member Advocate**

Collective Health is a health-tech company in San Francisco that is creating a better healthcare experience from the ground-up. The company is 4 years old and growing quickly! The Operations team is the engine of the business, operating the core processes that power the business. Collective Health is backed by some of the best investors in Silicon Valley and have been ranked the No. 2 Tech Company to Watch by the Wall Street Journal. They have also been voted as the best Health Tech company to work for by Rock Health.

Candidates should be intellectually curious and self-motivated people with 0-2 years of experience. They are hiring several people for these two roles, with start dates ranging from February-late summer: Operations Associate: [http://grnh.se/kaorcd1](http://grnh.se/kaorcd1) Member Advocate [http://grnh.se/37p5ws1](http://grnh.se/37p5ws1)

Questions can be directed to PHS Hopkins alumnus Ian Colrick at icolric1@jhu.edu.

---

**Research Interviewer for the PREPARE NOW study**

Searching for research interviewer for the PREPARE NOW study, a new program to help prepare patients with chronic kidney disease for decisions about treatment for kidney failure. Researchers will contact eligible patients by telephone and obtain informed consent. You will be responsible for administering the baseline and follow-up questionnaire using standardized structured interview by telephone and then enter the data into an on-line REDCap database. The pay is $12 per hour. The hours are flexible with daytime, evening and weekend shifts available. The office is located at 2024 E Monument Street, Baltimore, MD 21210.
Fellowships and Grants

Public service fellowship opportunities

You know you’re committed to public service. But do you know where your experience at Hopkins will take you? The National Fellowships Program is one place to find out. If you want to deepen your academic training or your experiential learning, a nationally competitive fellowship might be your path to it. Talk to us about the Truman Scholarship, Boren Scholarship, Emerson Fellowship, Baltimore Corps Fellowship, Udall Scholarship, and others. Visit our website to fill out a short inquiry form and meet with an NFP advisor.

Teach in Baltimore, earn master's degree with full tuition support

The JHU School of Education is accepting applications for the Baltimore Education Fellows 2018 cohort. This is a unique opportunity for Krieger School of Arts and Sciences graduates who have an interest in education and are committed to making a difference in Baltimore. Accepted fellows earn a master's degree in one year and complete internships in city schools. Faculty are available to meet with interested students; applications are due by April 1.

For more information, go to the Master of Arts in Teaching–Baltimore Education Fellows page of the School of Education website.
