Hello Students –

CYBER-JHU keeps on rolling! Keep up the good work and remember that if you are having trouble resolving any issues please reach out to your instructors, advisors and of course me. We are here to help! Please check out all the important info below.

• **For students presenting for HONORS this semester**: Please be sure to review the instructions for converting your poster into a PowerPoint presentation and getting it uploaded. You can practice going through the steps even if you don’t have the finished product yet. You don’t want to wait to the last minute to find out that something is not working properly. Please reach out to me if you have any questions.

• **Scientific Communications**: Sci. Comm. will take place via Zoom at the regularly scheduled time and day. Check the Special Note for your section on SIS. Your instructor will reach out to you with a Zoom link as we get closer.

• **Research Papers**: If you are conducting research for credit your paper is due on Friday May 1st. A separate email will go out soon to explain the submission process.

**Please continue to check and read your email regularly.** Please email me or your advisor if you are experiencing any hardship related to the remote experience. Remember, you can email me any time, I’d be happy to talk.

  **Please, practice social distancing and stay healthy!**

**Have a GREAT week!!!**
### News and Upcoming Events: April 13th – April 19th

**COVID-19**

Even though we are doing classes remotely, please remember the things you can do to maximize personal preparedness and prevention of the spread of COVID-19:
- Wash your hands frequently
- Cough/sneeze into your elbow
- Stay home if you are sick and don’t return until you are fever-free for 24 hours without medication
- Get your flu shot

If you are sick and are concerned that any of your symptoms may be related to COVID-19 due to recent travel history or other risk factors, please refer to our guidance online.

**DREAMS**

A message went out about DREAMS being cancelled. In anticipation of this the Neuroscience Program has been working to move to an online format. Click [here](#) for instructions explaining how you will present your poster. It primarily involves converting your poster into PowerPoint presentation and creating a narrated presentation using Panopto. This will be done through Blackboard. Using Panopto is good because you can edit your presentation to make sure it is just right.

All of the information you need to get started is in the instructions and can also be found by clicking the Information tab on the Blackboard site. **Please read it carefully!** We extended the deadlines (see below) to allow you time to convert your posters to PowerPoint and experiment with Panopto. I suggest reading the instructions as soon as possible and experimenting with each step to make sure you can convert the poster and work in Panopto. If you have issues contact Dr. Trageser and we will work through it.

If you are trying to earn Neuroscience or Behavioral Biology Honors, this event will count for your presentation requirement.

**IMPORTANT DATES – NEW DEADLINES**

- **Deadline** for students to submit their presentations through Blackboard: **April 29, 2020**
- **Deadline** for students to reply to faculty questions: **May 8, 2020**
| FALL 2020 REGISTRATION | Registration is right around the corner. Here are the dates for registration....

**Monday, 4/20** – Rising Seniors  
**Wednesday, 4/22** – Rising Juniors  
**Friday, 4/24** – Rising Sophomores  

Courses are now listed on SIS and the COMPLETE list of upper levels will be on our website soon. You should be scheduling a time to meet with your faculty advisor online or through phone calls.

Also, the Registrar’s website has changed. The Teacher Course Evaluations (TCEs) can now be found under “Faculty and Staff” instead of “Students”.

| NEUROSCIENCE HELP ROOM | Alexander Lindsay will be holding Neuroscience Help Room hours, through Zoom, every Thursday from 12-2pm. This will begin this week. Here’s the link to the meeting: https://zoom.us/j/807453328  

| SPRING 2020 TRAVEL GRANTS | The Neuroscience and Behavioral Biology Programs will once again have competitive Travel Grants for up to $1000 available for students who will be presenting their research at national scientific meetings. These awards can be used for hotel accommodations, transportation, food and membership fees.

**NEW DEADLINE APRIL 13th**  

**Application should include**: Resume, Abstract (to include your title, PI and location of conference), Budget and a Recommendation Letter from your PI.

For complete information, please click [here](http://example.com). Please email your application to Linda White (linda.m.white@jhu.edu).
Nu Rho Psi is the National Honor Society in Neuroscience, founded in 2006 by the Faculty for Undergraduate Neuroscience. Membership is by invitation and is open to undergraduate students who are making the study of Neuroscience one of their major interests and who meet the other academic qualifications AND are members of the JHU Chapter of Nu Rho Psi. Requirements for membership include:

- Major, minor, other emphasis in Neuroscience
- Completion of at least 3 semesters of the College course
- Completion of at least 9 semester hours of Neuroscience-related courses
- Undergraduate cumulative GPA of 3.2 and a minimum GPA of 3.5 in Neuroscience courses

Students that are eligible for the National Nu Rho Psi Honor Society will be receiving an email from Linda M. White regarding the application process. There is a one-time membership fee of $40, which can be paid by check or money order. Please mail your membership fee to Linda M. White, JHU-Neuroscience, 3400 N. Charles Street, Dunning 434, Baltimore, MD 21218. Unfortunately, we are not set up to accept credit card payments. The deadline to submit applications has been extended to Friday, April 17th.

The deadline to submit membership fees after you have been notified is April 24th.
