### FROM HOPKINS TO HEALTH MONTH

![From Hopkins to Health Month Poster]

The Registrar’s Office developed a new case management system that makes it easier for students to request assistance with [registration](#), [financial aid](#), and [student accounts](#). Students can now submit requests related to the above-mentioned issues using the [online case form](#). Since this is a new system, please be patient while your requests are being processed.

### NEUROSCIENCE HELP ROOM

Would you like more assists with studying and/or preparing for exams for Cog Neuro or Neuro: C & S II? Stop by the HELP Room and meet with Sarah. Her office hours are Weds. 6pm-8pm and Fri. 11am-1pm

You can find Karen staffing these hours on Wednesdays from 3pm – 5pm, but you can drop-in anytime for assistance from someone on the Life Design Lab team.

If you would like to schedule a one-on-one meeting, please contact Karen by email – kmardoc1@jhu.edu.

### Graduate School Interview Workshop w/Princeton University (Weighing Graduate Series)
Friday, 3/12 from 11am-12:15pm EST
What happens during graduate interviews? A candid discussion about the process of visiting campus for graduate program interviews or as an admitted student.

You’ve been invited to a campus interview or admitted student visit for your top graduate program...as you prepare for the big trip (or Zoom day), many questions arise. What should I wear? Whom will I be meeting with and do I need to know everything they’ve published? This workshop will address the practical and tactical, as you make the most of this first impression with your graduate program. We’ll offer advice for pre-admissions interviews, phone screenings, and admitted student visits.

***Space is limited so please register using the following link in advance: [http://bit.ly/WGSgradinterviews](http://bit.ly/WGSgradinterviews)

### Conference Room
The Neuroscience and Behavioral Biology Conference Room, located in 414 Dunning Hall, is closed until further notice.
