Hello Students –

This is the **FINAL WEEK** for Junior Clearance, which must be completed by **THIS FRIDAY, April 16th** in order to register on time for Fall 2021 courses.

**HONORS INFORMATION!**

If you are planning on presenting your research for honors consideration this semester you **must register and participate in DREAMS (see information below)**. In addition, you must prepare a **recorded narrated PowerPoint presentation** of your work (10-15 minutes in duration). You must upload your presentation by April 22nd to Blackboard. Faculty will then review and judge your presentation. Students presenting will receive another email detailing the upload process. If you have additional questions, please email Dr. Trageser.

**Dr. Trageser’s Office hours**

My office hours will be Wednesday 11:00-12:00 ET. Schedule an appointment via SignUp Genius link, see weekly email. The Zoom link should be embedded in SignUp Genius. If you can’t find a meeting slot that works for you just email me.

**News and Upcoming Events: April 12th – April 18th**

| Commencement | Johns Hopkins University plans to hold the University-wide Commencement in-person for **undergraduate seniors** at Homewood Field on Thursday, May 27 at 7:30 p.m. ET. Should weather prohibit the Thursday evening ceremony, the rain date is scheduled for Friday, May 28 at 11:30 a.m. ET. Family, friends, guests, and graduate degree candidates of the Class of 2021 are invited to join via livestream. So that we may provide the safest experience for the participating graduates, we ask that family and friends not come to campus for the event.

To ensure the safety of our graduates, and in accordance with University COVID-19 protocols, masks will be required, seats will be assigned to ensure graduates are physically distanced during the ceremony, and, instead of lining up to cross the stage, graduates will be recognized from their seats during the event.

For updated information, please visit [here](#).

| Spring Break Days | Below are the remaining **Spring Break** dates for the Spring 2021 semester:
| --- | --- |
|  | • Wednesday, April 14th
|  | • Thursday, April 22nd |
DREAMS Registration

DREAMS is JHU's annual celebration of the research, scholarly and creative projects done by Hopkins undergraduate students from the Krieger School of Arts and Sciences, the Peabody Institute, and the Whiting School of Engineering.

Please note:

- **Special registration information for Neuroscience Departmental Honors will be forthcoming from the Director of Undergraduate Studies.**
- This event will be held virtually, with presentations publicly available on an online platform all day April 22 & 23, plus synchronous (live but virtual) presentations by participants throughout those days.
- You will have the option of uploading a primary display of a poster, PowerPoint, article/paper or video, plus an optional voiceover presentation (audio or video).
- After completing this registration, you will receive further instructions on how to prepare and upload your materials, including login information, acceptable file formats, required presentation elements, etc.
- While registration will remain open until at least April 16, we recommend you register as soon as possible so you receive information with enough lead time to create your materials and successfully upload to the online platform.

Fulbright Program

Fulbright Program: Student Register and Info Sessions

The [Fulbright U.S. Student Program](https://fulbright.edex.org/) offers research, study, and teaching opportunities in more than 140 countries! Fulbright grants enable you to develop a wide range of academic fields, interests, and skills, while spending an unforgettable year engaged in culture exchange.

These info sessions are designed for students and recent alumni thinking about applying to the Fulbright English Teaching Assistant (ETA) or Study/Research (SR) Programs. Please use the links below to register for a session and receive the Zoom link. To learn more in the meantime, please visit our [Fulbright webpages](https://fulbright.edex.org/). Questions? Please email the NFP at [nfp@jhu.edu](mailto:nfp@jhu.edu) or drop by our [daily virtual office hours](https://www.jhu.edu/about/offices-administrative/fulbright/) from 12:30-2pm ET M-F.

**Information Sessions**

- Tuesday, April 13, 4-5pm ET ([Registration Link](https://fulbright.edex.org/))
- Friday, April 16, 1-2pm ET ([Registration Link](https://fulbright.edex.org/))
- Monday, April 19, 5-6pm ET ([Registration Link](https://fulbright.edex.org/))
### Summer Courses

Are you interested in taking summer courses to satisfy some of your upper level requirements?

**AS.050.333 Psycholinguistics (3 credits)**

**Schedule**
06-01-2021 to 07-02-2021 | MWF 01:00 PM - 03:30 PM | Online

**POS Tag(s)**
COGS-COGPSY, COGS-LING, BEHB-BIOBEH, NEUR-CG, NEUR-ST

**AS.200.344 Behavioral Endocrinology (3 credits)**

**Schedule**
07-06-2021 to 08-06-2021 | TTh 01:00 PM - 04:45 PM | Online

**POS Tag(s)**
BIOL-UL, BEHB-BIOBEH, NEUR-CM, NEUR-ST

Register in SIS [https://sis.jhu.edu](https://sis.jhu.edu).

Please be advised that [summer tuition is billed per credit](https://sis.jhu.edu).

### Paid Gap-Year Opportunity

**Paid Gap-year(s) research position in Dr. Patricia Janak's Behavioral Neuro Lab**

The Janak Lab, a behavioral neuroscience lab focused on examining the neural circuitry of motivation and addictive behaviors in the rodent model, is looking to hire a new full-time lab technician, starting this summer and working for at least 1 year. In this position, you would spend around 50% of your time assisting with ongoing experiments of current graduate students and postdocs in the lab (and possibly, running your own experiment), while in the other half of your time, working on lab maintenance, placing lab purchases/orders, maintaining animal care documents, and some budgeting items. Having experience with animal research and a background in neuroscience/behavioral biology is a bonus but not necessary! If you are interested in applying, in learning more about the job or the lab, or have any questions, please reach out to Bridget Chen at [bchen47@jhu.edu](mailto:bchen47@jhu.edu).

To learn more about our lab's research, feel free to follow this link: [http://www.janaklab.com/](http://www.janaklab.com/). The lab is located on the 2nd floor of Dunning on the JHU Homewood campus).
