Students –

We are now in the home stretch for the end of the Fall 2021 semester. Even though there have been challenges, I am proud of how you all embraced these changes and got through the semester!

With final exams fast approaching, the Office of Academic Support has ongoing assistance for students needing help for courses through tutoring, managing study time through the Study Consultant program and more. Please see below and make sure to take advantage of these resources.

Spring 2022 registration is ongoing through the end of this week. If you are having any issues, please do not hesitate to contact us.

Next week is the Thanksgiving Break. Make sure to take some time to relax, eat and be merry!!

Happy Thanksgiving

News and Upcoming Events: November 15th – November 21st

| DAVID S. OLTON RESEARCH AWARD | The David S. Olton Award is given annually to support undergraduate research in the area of the biology of behavior, broadly defined. Undergraduate students from Johns Hopkins psychology, behavioral biology, and neuroscience are encouraged to apply. The award is $4,000. This award is a research award, designed specifically to help students complete a research project of their own that they might not otherwise be able to carry out due to financial limitations. Go to https://krieger.jhu.edu/behavioralbiology/opportunities/funding/ and click on “Research Grants & Awards”. Please contact Dr. Bohn if you have any questions. | DUE 12/10 |
### UPCOMING DATES

The last day of the Fall 2021 semester is Monday, December 6\(^{th}\). The reading period will be from December 7\(^{th}\) thru December 10\(^{th}\). Final exams are from December 13\(^{th}\) thru December 21\(^{st}\).

### ACADEMIC SUPPORT

The Office of Academic Support offers programs to improve study skills, provide subject-specific tutoring, and encourage peer to peer collaborative learning. These resources are available to all undergraduate students throughout the academic year free of charge.

The Study Consultant Program offers drop-in study consulting to assist with building study plans and managing time thru the end of the reading period. Please click [here](#) for drop-in days and times.

The Learning Den is offering drop-in tutoring for a number of courses, as well as HELP rooms for Economics and Neuroscience via Zoom. [NEURO HELP Room](#) – Sarah A. – Wednesday’s 6pm-8pm (EST).

### NSURP 2022

Every summer, the Nemours Biomedical Research Department provides funding for undergraduate students to work on clinical, laboratory and translational research projects. The Nemours Summer Undergraduate Research Program (NSURP) is a 10-week, full-time program that runs from June through early August with locations in Wilmington, DE, Jacksonville, FL and Orlando, FL. Program dates are from May 31 through August 5, 2022.

Online applications are now being accepted through December 1, 2021. Please note: All letter of reference must be received by 11:59 p.m. EST of January 31, 2022, for consideration by the selection committee.

### SUMMER PURA

Summer PURA program was created to assist and encourage Hopkins undergraduate students to continue or being independent research over the summer and without curricular obligations inhibiting full-time effort.

Summer PURA is now accepting applications through February 1, 2022, for Summer 2022 projects. The award amount is $6,000 for 10 weeks over the summer. Please contact the HOUR Office with any questions.

### CIRCUIT PROGRAM

The CIRCUIT program at the Johns Hopkins Applied Physics Laboratory (APL) offers undergraduate students an opportunity to participate in cutting-edge research while building skills to make significant contributions to science. Diverging from traditional summer internships, CIRCUIT students participate in a

<th>LIFE DESIGN</th>
</tr>
</thead>
<tbody>
<tr>
<td>KAREN MARDOCK, LIFE DESIGN EDUCATOR</td>
</tr>
<tr>
<td>The Life Design Lab at Homewood supports and serves all Krieger and Whiting undergraduates and masters students, regardless of post-graduate plans. Life design educators are embedded within academic departments and centers across the Whiting School of Engineering and Krieger School of Arts and Sciences, which allows students to more easily access life design programs and courses, experiential learning, and connections with alumni and employers. I will be staffing KSAS office hours from 3pm – 5pm on Tuesdays. You can find me in this Zoom space at that time. If that time does not work for you, email me at <a href="mailto:kmardoc1@jhu.edu">kmardoc1@jhu.edu</a> to arrange a meeting.</td>

<th>CONFERENCE ROOM</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Neuroscience and Behavioral Biology Conference Room will be re-opened during the Fall 2021 semester. The availability of the Conference Room for the week can be found HERE. We will also be posting a sign on the door when the room is in use. Due to the ongoing COVID situation, social distancing is the rule for use of the conference room. <strong>Note: Please be sure to leave the conference room in better shape then you found it.</strong></td>
