Hello Students!

Please take a few minutes each week to read the Weekly Emails so that you know what is going on. Because of the unprecedented times we now find ourselves in, it is imperative that you read your Weekly Emails. This information will also be posted on the website - http://krieger.jhu.edu/neuroscience/.

Masking Policy – I am sure you are all aware of the updated masking policy. I also know that it may cause some confusion and anxiety. The Neuroscience Program wants to make sure everyone feels comfortable when visiting our offices and advisors. Many of us are ready to test the mask-free waters but I would suggest arriving to offices with MASKS ON. At that point everyone can discuss their level of comfort with meeting mask-free and then proceed. This way there is an open dialogue and everyone feels comfortable.

Our goal is to ensure the health and well-being of everyone in the Neuroscience Program!

Thanks,

Dr. Trageser

Spring Break starts next week!! Please remember to take some time to unwind and relax during this week.

Brain Awareness Week is March 28-31, 2022. The theme for this year is “Sleep and Dreams”. Please see below for daily activities.

News and Upcoming Events: March 14th – March 20th

<tr>
<th>ANNOUNCING THE NEUROSCIENCE PROGRAM SUMMER RESEARCH AWARD</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Neuroscience Program Summer Research Award is a needs-based award developed to support an intensive, full-time, independent summer Neuroscience research project.</td>
</tr>
<tr>
<td>Students will gain experience designing their own independent research project, collecting and analyzing data, and summarizing their work in a written and oral presentation.</td>
</tr>
</tbody>
</table>
Currently, the application is open to rising Juniors and rising Seniors. Students interested in applying must submit the following material by April 4th 2022. Awardees will be announced on April 18th and the official project start date will be June 1st.

1) Written proposal describing the objective of the project and outlining an approximate timeline to achieve the goals over the summer. Note that a separate budget proposal is also required.
2) Letter from the Principal Investigator who’s lab will be hosting the project stating that they are willing to provide mentorship throughout the summer
3) Proof of financial need

This is a competitive award. Awardees will receive up to $5000.00 to cover living expenses throughout the summer and an additional amount up to $1000.00 covering research equipment costs will go to the laboratory.

Interested students should contact Dr. Trageser for more details prior to submitting application.

ARE YOU A JHU SENIOR INTERESTED IN PUBLIC MENTAL HEALTH?

Are you considering a 9-month Master’s degree before entering a doctoral program, medical school, or starting a career?

We are accepting applications from JHU Seniors in ANY department for the Bachelor’s/MHS program in Mental Health, Johns Hopkins Bloomberg School of Public Health! Application deadline is July 1, 2022.

We will be holding a virtual information session on Monday, March 28, 2022 from 4:00 pm-5:00 pm.

To register: https://applygrad.jhu.edu/register/?id=31e53513-e359-4ddb-b7e5-5765cde7e1da

The Department of Mental Health engages in population-based research on the etiology, occurrence, prevention, and control of mental and substance use disorders. Research is particularly active in the areas of: adult psychiatric epidemiology; genetic epidemiology of mental and behavioral disorders, cognitive health and aging; psychoactive drug use; school, family, and community-based preventive interventions; research methodology; youth violence; women’s mental health and pregnancy; global mental health; child sexual abuse and pedophilia; and research on mental health service systems. Information can also be found on our website at: http://www.jhsph.edu/departments/mental-health
Please contact Dr. Jeanine Parisi at jparisi1@jhu.edu for more information.

### FULBRIGHT INFO SESSIONS

The Fulbright U.S. Student Program offers research, study, and teaching opportunities in more than 140 countries. Fulbright grants enable you to develop a wide range of academic fields, interests, and skills, while spending an unforgettable year engaged in culture exchange.

The Office of Scholars and Fellows Programs will be holding virtual information sessions for the Fulbright grants, presenting an overview of the program and application process. To register for one of the information session, please click on one of the links below for the date you would like to attend:

- Tuesday, March 15, 12:00 pm ([Registration Link](#))
- Tuesday, March 29, 5:30 pm ([Registration Link](#))

### NU RHO PSI – BRAIN AWARENESS WEEK MARCH 28-31

Please checkout NRP on campus the week of March 28th as they promote Sleep and Dreams as their Brain Awareness Week 2022 theme.

- **Monday, March 28th** from 11:00 a.m. – 1:30 p.m. - Trivia on Insomnia - The Breezeway
- **Tuesday, March 29th** from 1:00 – 2:30 p.m. - Making Sleep Kits – The Breezeway
- **Wednesday, March 30th** from 5:00 -6:30 p.m. - Speaker Event – TBD
- **Thursday, March 31st** from 12:00 – 1:30 p.m. - Social Event TBD– Levering Lounge

### NRP HIGH TABLE MARCH 31ST

NRP is holding its next NRP Alumni High Table Dinner on **Thursday, March 31st from 7:00-8:30 pm**. This is an exciting opportunity for neuroscience and behavioral biology students to interact with faculty, and hear from our guest speaker, Dr. John (JD) Luck and JHU
Neuroscience Alumnus, Class of 2014 with degrees in Applied Math and Neuroscience. He is currently a 4th year resident with Johns Hopkins Hospital with a residency in Plastic and Reconstructive Surgery.

Plus, **you do not have to be an NRP member to attend.**

Registration for the event will open soon. Please contact nurhopsijhu@gmail.com with any questions. This event is first come, first serve.

### FALL 2022 REGISTRATION

Registration for Fall 2022 begins on April 11th. Here are the dates for registration:

- **April 11** - Rising and continuing Seniors
- **April 13** - Rising and continuing Juniors
- **April 15** - Rising and continuing Sophomores and all other current students

Courses will be listed soon.

### CONFERENCE ROOM

The Neuroscience and Behavioral Biology Conference Room has been re-opened.

The availability of the Conference Room for the week can be found [HERE](#). We will also be posting a sign on the door when the room is in use. Due to the ongoing COVID situation, social distancing is the still rule for use of the conference room with no more than 8 people at a time using the conference room.

**Note:** Please be sure to leave the conference room in better shape than you found it.
