Information Sessions and Career Fairs

INTERESTED IN PUBLIC HEALTH?

JOIN ADMISSIONS REPRESENTATIVES FROM THE FOLLOWING INSTITUTIONS FOR AN INFORMATION SESSION TO LEARN MORE ABOUT PUBLIC HEALTH AND HOW THEIR GRADUATE PROGRAMS MAY ALIGN WITH YOUR GOALS!

Columbia University | Mailman School of Public Health | Harvard T.H. Chan School of Public Health

Yale School of Public Health | Johns Hopkins Bloomberg School of Public Health

**WEDNESDAY, SEPTEMBER 25**

**5:00 - 6:00 PM**

**LOCATION: ARELLANO THEATER, LEVERING HALL**
Register Now to attend the Virtual Fair on September 18th!

Want to meet a Public Health Representative in Person?

Sign up to attend a This Is Public Health event near you or a virtual fair this fall.
The Neuroscience Honor Society (Nu Rho Psi), along with the HOUR Office will be hosting the Undergraduate Research Symposium (URS) on Tuesday, October 29th from 5pm-9pm! URS provides a unique forum for JHU undergraduate students to share their work. Students will have the opportunity to give an 8-10 minute presentation describing their research, followed by 2-3 minutes to field questions from the audience.

We would like to emphasize the fact that although the event is sponsored by Nu Rho Psi and HOUR, we are open to all majors presenting at the event. URS is also a great way to earn honors credit depending on what the criteria is for each department, especially for anyone thinking of graduating this fall. Even if you are not interested in presenting, anyone can come listen to the student presentations and to the amazing keynote speaker, Dr. Anjan Chatterjee with the topic of the Hidden Brain Responses to the Aesthetics of People and Places. A reception to follow.
URS is scheduled to be on Tuesday, October 29th from 5pm-9pm in the Bloomberg Building, with students' presentations from 5pm-7:45pm and Keynote from 8pm-9pm. The deadline to submit the application is Monday, September 30th.

More information and the application can be found on the URS website.

Global Health and Leadership Conference

The Harvard Global Health Institute and Harvard College VISION: Global Health Society are hosting the fourth annual Global Health and Leadership Conference (GHLC) on April 17th-19th, 2020 at Harvard College in Cambridge, Massachusetts. The conference is dedicated to the professional development of attending students. College students have the opportunity to present global health or public service projects that they have conducted. This can be a great experience for students who have never presented at a conference since students are guided on writing a report about their project and publish it in our annual booklet. You can see written reports from last year's students here: Booklet 2019.

We attached some pdfs along with our website for more information (www.harvardvision.org/GHLCApply).

To apply, students must send the following to info@harvardvision.org:

- a CV (or resume)
- an abstract (max 1 page) about their presentation topic

The cost is $75 for the full weekend (Friday-Sunday). We understand due to classes some students might only be able to make Saturday-Sunday, which will be offered at a reduced price of $60.
FALL 2019

Lauren's Office Hours

Check Twitter & Instagram for daily updates/changes

Monday Morning Mochas at Mudd
When: 9:30-11:30 AM
Where: Mudd Atrium
What: Join me for coffee & life design conversations
Bonus: First person to come by gets a mocha on me!

Trade-A-Belay Tuesdays at the Rec Center Climbing Wall
When: 6:30-8:00 PM
Where: Climbing Wall, bottom level of the Rec Center
What: Talk life design, trade for belays
Bonus: Try something new!

Wednesday Awareness at Student Disability Services
When: 12:00-2:00
Where: Shaffer 130 (SDS Suite)
What: opportunity to ask questions/share about disability specific questions related to career planning
Bonus: Access to a private space for personal conversations

Thursdays at 3505 N. Charles
When: 11:00-5:00 (flexible times)
Where: Public Health Studies Advising Building
What: Office hours dedicated to PHS majors & students curious about public health careers
Bonus: Meet with your advisor while you're here!

Fridays at Pre-Prof Advising
When: 10:00-12:00
Where: Shriver
What: learn about how the Life Design Lab serves future medical students through mock interviewing & gap year planning
Bonus: no appointment necessary, come pre/post meeting!

www.jhu.joinhandshake.com -- search "Office Hours" in Events
Looking to connect with the Life Design Lab? Meet Lauren, Public Health Studies’ Life Design Educator! Formerly the Career Center, Lauren is here as a guide to career development resources as well as to help explore opportunities, engage with alumni and employers, and learn career storytelling strategies to help you discover your next opportunity! Things to do:

- Check out Lauren’s [Spark Page](#) for ways to explore and connect with the Life Design Lab.
- Check out Handshake Events for upcoming programs on campus.
- Come visit Lauren during her PHS office hours on Thursdays or during any of her Life Design Office Hours! Check her Instagram for updates, @beyondbrandable
Thursday, September 12, 12pm-1:30pm
Mergenthaler 526

Friday, November 8, 3pm-5pm
Great Hall, Levering
Living Hopkins Roundtable

Tuesday, November 19, 12pm-2pm
Gilman 308
Book Discussion with Author Hazel V. Carby, Imperial Intimacies: A Tale of Two Islands Co-Sponsored with Black World Seminar, Dept. of History
**JHU’s Program in Racism, Immigration, and Citizenship: Upcoming Events**

This coming week, there'll be two events -- David FitzGerald speaking on "Refugees Beyond Reach," Thursday 12pm in Mergenthaler 526, and, the following day, Sept. 13th, "American Concentration Camps: A Teach-In," in the Levering Great Hall.

“American Concentration Camps: A Teach-In” will feature journalists, poets, activists, and JHU faculty, all considering the crisis on the border and its rootedness in longer histories and practices of containment and incarceration. Find a full list of the speakers on the attached announcement. At that event, too, we're offering copies of *Dreaming America: Voices of Undocumented Youth in Maximum-Security Detention*, a one-of-a-kind book of poetry written by children separated from their parents on the border. The book's editor and translator, Seth Michelson, will be among our presenters.

---

**Looking for: Science and Technology writers for The News-Letter**

Looking to improve your writing for med and grad school applications? Are you interested in learning more about research at Hopkins? Want to stay up to date on developments in tech and the physical, biological, and social sciences? Join The News-Letter SciTech section as a writer!

Writers for the Science and Technology section cover scientific breakthroughs and achievements on campus and around the world, interview members of the Hopkins community (including students and professors), and write articles published in the weekly edition of The News-Letter.

No prior experience is required, and there are no preferred majors. Email science@jhunewsletter.com for more information.

---

**Submit an article for Epidemic Proportions, Hopkins’ premier undergraduate public health research journal!**

*Epidemic Proportions* is one of the few undergraduate public health journals across the country that highlights public health research, experiences, policies, and opinions by undergraduate students. All Hopkins undergraduates are invited to submit a public health-related article. Selected articles will undergo a rigorous editing process with our team of editors and be published in our journal in May. You can check out submission guidelines on our website and submissions can be emailed to epidemicproportions@gmail.com by October 4, at 11:59 p.m.

Visit our website to check out our previous issues and to learn more about the organization. If you have any inquiries, feel free to email us at epidemicproportions@gmail.com.
DOING THE MOST FOR PUBLIC HEALTH?

Apply to be a member of Public Health Student Forum
DEADLINE: Thursday, 9/12 at 6 PM EST
bit.ly/PHSFApp2019
AS.389.410 Sharing Knowledge: Participatory Archives, Collaborative Oral History, and Social Justice

How can we mobilize the humanities to inspire social justice activism? This course introduces students to collaborative methods that encourage democratic participation among broad public audiences. We investigate indigenous research methods; collaborative oral history and ethnography; interactive theater; and community archives. Throughout the semester, students benefit from hands-on workshops, course sessions co-taught by community partners, guest lectures, and public talks. Final projects draw on the university’s archival, museum, and library collections.

Dr. Joseph Plaster / AS Program in Museums and Society, AS History / Th 01:30 PM - 04:00 PM / Homewood Campus, Gilman 277
WeGo Project Looking for Volunteers

Hi Public Health Majors! My name is Brad Parsons and I wanted to share an exciting opportunity to work with myself and a few others on a 501c3 nonprofit that utilizes telepresence robots to connect pediatric inpatients at Johns Hopkins Hospital with local Baltimore attractions. Check out our website to learn more (http://www.wegoproject.org/). We are looking for people to volunteer with us in the hospital as well as join the team and help with marketing, grant writing, and leadership. This is a great opportunity to get independent hospital experience and interaction! Feel free to contact me at bparso10@jhu.edu or email us at wegofoundation@gmail.com if you have any questions. Thanks!

To apply for a volunteer position, click here.

SPEAK2US Hotline

The SPEAK2US hotline, launched in 2016, is geared toward the university and health system communities to report complaints or concerns related to harassment, discrimination, or other unacceptable behavior that takes place at Johns Hopkins. Reports can be made 24 hours a day, seven days a week via an online form or by phone at 844-SPEAK2US (844-773-2528). Students, please be aware of this resource.

Unpaid Internships and Service

Recruiting Students for Student-Run Startup

OtoGlobal Health LLC is a student run startup which started 4 years ago. We have developed a low-cost hearing screening device optimized for conducting infant hearing screening in low-resource settings. It consists of hardware components like circuitry and 3D-printed pieces, as well as software on an Android app that controls the device. We are looking to recruit new members to join the team starting this fall, and we would love to hear from you if you are interested!

We have a clinical study at the hospital starting this fall, so right now is a really exciting time to join the team since the results from that study will push us towards the next stage of product development.

We have also won multiple business plan and design competitions and are well positioned with a patent to move us closer to a marketable device!

If this sounds interesting to you, please reach out to the team! We are looking to recruit people with interests in the following:
• Business development (Any interest in business plans, business competitions, etc. is very valuable. If you don’t have any experience but you would be interested in learning about and applying yourself to the business side of engineering, that’s awesome too.)

To apply, please send a resume and a couple sentences explaining why you’re interested to gmischl1@jhu.edu. If you have any relevant experience, make sure it’s in your resume. If you have any questions, feel free to contact that email as well.

PHS Independent Study Opportunity

Dr. Bishai is offering a 1 credit Independent Study called “Political Economy of Public Health”. The course will meet every other Monday from 6 to 7pm from Sept 9 to December 3. If interested, please email Dr. Bishai at dbishai1@jhu.edu. For more information, you can review the syllabus, here.

Child and Adolescent Health Measurement Initiative Internship

Do you want experience in public health research in Maternal & Child Health? The Child & Adolescent Health Measurement Initiative (CAHMI) at Johns Hopkins School of Public Health is looking for a motivated, self-directed intern. The mission of the Child and Adolescent Health Measurement Initiative is to advance patient-centered innovations and improvements in children’s health and health care quality. The Undergraduate Intern will primarily work with our National Data Resource Center project and may assist with other CAHMI project work as needed. National Data Resource Center for Child and Adolescent Health (DRC, www.childhealthdata.org): The purpose of the National Maternal and Child Health Data Resource (DRC) is to make available National Survey of Children’s Health (NSCH) findings at the national, regional, and state level through our online, user-friendly Interactive Data Query, downloadable data set features, and other
Responsibilities and Duties:
1. Assist in preparing and double-checking data regarding child, maternal, and family health.
2. Provide support for various tasks related to the launch of upcoming NSCH data, including creation of supporting documents and entering data into Survey Manager.
3. Help to create “data snapshots,” or interactive data reports using NSCH data
4. Help with the assembly of grant reports, technical assistance manuals, PowerPoint presentations, and video trainings.
5. Assist with outreach and dissemination of DRC materials and tools, including social media, newsletters, blog posts, and more.
6. Assist with literature reviews and identifying resources for a variety of projects, as needed.
7. Perform other related duties as required.

Applicant Qualifications/Requirements:
Applicant must be a current undergraduate student at an accredited college or university enrolled in a major related to the health or social sciences field. Interest in research and measurement, especially in the topic of children’s health, is preferred. MS Office skills required; some exposure to MCH measurement and website creation or upkeep preferred. Strong writing and communication skills required. Applicant must have strong attention to detail and a basic understanding of research principles.

Work Schedule:
6-12 hours per week, flexible within business hours and to be determined with applicant.

Directions on how to apply:
Send resume, brief cover letter, and schedule availability to info@cahmi.org, with the subject line “Undergraduate Internship”.

Congressional Internships for John P. Sarbanes, Maryland’s Third Congressional District
John Sarbanes’ office is seeking hardworking and dedicated college students or recent graduates to work as interns in their Towson and Washington, D.C. offices, performing constituent outreach, communications activities, and legislative work. An internship in a Congressional office can be a rewarding opportunity, allowing students to learn directly about the legislative process.

To apply, please send a cover letter, a resume, and a list of references to employment@mail.house.gov.

Maryland Department of Aging Internship
The Maryland Department of Aging offers both undergraduate and graduate students the opportunity to put their education to work. Interns will gain valuable experience in a cabinet agency that offers:

- Knowledge about older adults and individuals with disabilities, and applicable community
services and resources available to these populations;
● Insight into the development and execution of public policies;
    ● Experience in program planning and analysis;
    ● Database management skills;
    ● Outreach and customer service experience;
● Ability to collaborate with colleagues and community partners in a professional setting; and
● Weekly constructive feedback.

Interns may work in a variety of programs in the areas of Long-Term Services (LTS) and Client and
Community Services (CCS). These programs and initiatives are supported by the federal
Administration on Community Living (ACL), the Centers for Medicare and Medicaid Services
(CMS), and other state and federal partners. A focus of the internship will be assistance with
improving the Maryland Access Point referral network database through provider outreach and
updates. Click here to learn more and/or apply.
Applications close September 19th at 11:59 pm. For more information, including FAQs and how to apply, click here.

**Full-Time Research Assistant Position Available at JHUSOM**

Johns Hopkins Schizophrenia Center has a full-time Research Assistant position. The position requires a two year commitment, and a bachelor’s degree in a health science related field (graduates in the December of 2019 are eligible). Responsibilities include recruiting and screening healthy controls, patients with first episode psychosis patients, and those with related brain disorders (e.g., Alzheimer’s disease, mood disorders) into the study. Involves regularly interacting with patients’ families and healthcare providers as well as escorting participants through various study procedures such as neurocognitive testing, blood draws, MRIs, among others. The position also involves data organization/management and will provide leadership opportunities. Educational experiences include attendance at Teaching Rounds and there is the potential for inclusion in research papers. To inquire further about this position, please send the CV to JHSZC_recruit@jhu.edu

**Research Assistant**

The Johns Hopkins Armstrong Institute for Patient Safety and Quality (AI) is in search of responsible, motivated, and hard-working individuals to assist with data collection and analysis on two related projects funded by NASA and DARPA. These projects investigate social interaction and team resilience at NASA research facilities and the Johns Hopkins Hospital. The position is under the supervision of Dr. Michael Rosen and his research team

**Qualifications**

The right person will have strong written and spoken communication skills; be detail-oriented; and take responsibility for meeting deadlines and making progress without direct supervision. The applicant’s conduct must align with AI’s core behaviors, which are to be humble and curious; respect, appreciate, and help others; and be accountable to continuously improve themselves, the organization, and the community. Data collection begins early in the morning and requires RA to be present at the Johns Hopkins Hospital by 7am on data collection days. **Minimum time commitment of 10 hours per week.**

Minimum suggested GPA is 3.0. Lower GPAs will be considered with letter of recommendation or other appropriate references.

**For More Information or to Apply:**

Contact Salar Khaleghzadegan (skhaleg1@jhmi.edu) or Dr. Michael Rosen (mrosen44@jhmi.edu). Please include “Research Assistant Position Inquiry” as the subject line. Send your resume or CV to apply.

**Research Assistant Position Available**
The Daily24 Study involves using a mobile app called “Daily24” where study participants record their timing of eating and sleeping. The team is looking at the association of “when you eat and sleep” with your weight. The student research assistant will be responsible for recruiting new participants while keeping them engaged, helping manage reporting through RedCAP, attending study team meetings, and other various tasks. This is a part-time position with roughly 20 hours per week. If interested, contact Wendy Bennett (PI) at wendy.bennett@jhmi.edu and Kate Holzhauer (Study Coordinator) at kholzha1@jhu.edu with your CV and an explanation of your interest.

PHS Weekly Submission Process

Public Health-centric student groups and health-related organizations around Hopkins and the Baltimore community are welcome to submit announcements to the PHS Weekly. Please submit to cbarry8@jhu.edu by 5pm every Monday.

For announcements or events, please submit the title, date, time, location and a brief description. The description should be brief and preferably include a link that will direct readers to another site for complete details.

For any position opening, please submit the position title, organization name, responsibilities and eligibility requirements, deadline for applying and contact information. Once again we ask you to keep the posting brief and provide an outside link for readers to gather further details.
